PER CURIAM:

Raaj Amexem Moor Rafa El appeals the district court's order dismissing his complaint for frivolousness. We have reviewed the record and find no reversible error. Accordingly, we affirm for the reasons stated by the district court. Rafa El v. Maryland, No. 1:11-cv-02611-JKB (D. Md. Sept. 28, 2011). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
