PER CURIAM:

Kenneth Smith appeals the district court's order granting summary judgment to Defendant on Smith's second amended complaint raising a variety of constitutional and employment discrimination and retaliation claims. We have reviewed the record and find no reversible error. Accordingly, we affirm the district court's judgment. *Smith v. Brennan*, No. 1:17-cv-01097-CMH-MSN (E.D. Va. Nov. 4, 2019). We deny Smith's motion to strike the response brief, motion for a formal appeal, and motions to add exhibits. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
