PER CURIAM:

Enrico E. Brown appeals the district court's order granting summary judgment to Defendants on Browns' 42 U.S.C. § 1983 complaint alleging deliberate indifference to a serious medical need. We have reviewed the record and find no reversible error. Accordingly, we affirm the district court's order. *See Martin v. Duffy*, 977 F.3d 294, 298 (4th Cir. 2020) (stating standard of review). We also deny Brown's motions to assign counsel. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
