PER CURIAM:

Hubert Downer appeals the district court's order denying his 18 U.S.C. § 3582(c)(1)(A) renewed motion for compassionate release. We review a district court's denial of a compassionate release motion for abuse of discretion. *United States v. Kibble*, 992 F.3d 326, 329 (4th Cir.), *cert. denied*, 142 S. Ct. 383 (2021). We have reviewed the record and conclude that the court did not abuse its discretion and sufficiently explained the reasons for the denial. *See United States v. High*, 997 F.3d 181, 188-91 (4th Cir. 2021) (discussing amount of explanation required for denial of compassionate release motion). Accordingly, we affirm the district court's order. *United States v. Downer*, No. 1:11-cr-00050-SAG-2 (D. Md. Oct. 6, 2022). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
