MEMORANDUM OF POINTS AND AUTHORITIES

I. PROCEDURAL HISTORY

On June 1, 2021, Plaintiff filed his Third Amended Complaint, [ECF No. 28], which was
served on Wolden on November 8, 2021. The Court screened the initial Complaint, First
Amended Complaint and Second Amended Complaint previously leaving a sole excessive force
claim against Wolden. Wolden filed his Answer to the Third Amended Complaint on November
23, 2021. [ECF No. 40].

Wolden filed a Motion to Extend Discovery, which the Court granted. [ECF No. 49].
Wolden and Plaintiff then jointly sought an additional extension of the discovery deadlines
which the Court also granted. [ECF No. 54]. This is the current Scheduling Order in place.
Wolden attempted to meet and confer with Plaintiff again about extending the current discovery
deadlines by forwarding him another proposed Stipulation to Extend Discovery Deadlines and
letter on June 14, 2022. As of the date of filing this Motion, neither Wolden nor his Counsel
have received a response from Plaintiff.

Wolden has served Plaintiff with his initial Rule 26 Disclosures and two supplements to date. Plaintiff has not yet provided any disclosures to Wolden. Wolden served his First Interrogatories and First Requests for Production of Documents on Plaintiff which Plaintiff responded to. Plaintiff served his first set of Interrogatories, Requests for Admissions and Requests for Production on Wolden which were responded to. Plaintiff served a second set of Interrogatories which were also responded to.

Following receipt of Plaintiff's signed medical authorization, Wolden served twelve (12)
third-party subpoenas to obtain Plaintiff's medical records from various providers. After much
follow-up with third-parties that did not initially respond to the Subpoenas, Wolden has received
nearly all responses to the Subpoenas. Wolden is currently reviewing the documents received

KAEMPFER CROWELL 1980 Festival Plaza Drive Suite 650 Las Vegas, Nevada 89135 1 and is preparing a supplemental disclosure.

On June 27, 2022, Wolden, through Counsel, received a Subpoena from Plaintiff directed
to LVMPD, Wolden's employer, requesting various documents. The Subpoena requests the
documents by July 21, 2022. The Subpoena is not proper, however, as Plaintiff did not have it
issued by the Clerk of the Court and Plaintiff should serve a proper Request for Production of
Documents on Wolden rather than a Subpoena on LVMPD. Wolden will be preparing
correspondence to Plaintiff along those same lines.

8 The discovery that remains to be completed includes providing a response to Plaintiff's 9 improper Subpoena and responding to any proper document requests made by Plaintiff. Wolden 10 will timely disclose his expert report on July 1, 2022. Wolden is currently reviewing materials 11 received in response to Subpoenas and will prepare and forward a supplemental disclosure to 12 Plaintiff. Finally, Wolden will be filing a Motion with the Court seeking an Order to take the 13 deposition of the Plaintiff who is currently incarcerated.

14

II. AN EXTENSION IS WARRANTED

There is good cause to extend the discovery cut off deadline, rebuttal expert disclosure deadline, dispositive motion deadline, and pretrial order deadline. As shown, the parties have been engaged in discovery and it has been progressing. However, Plaintiff is representing himself in Proper Person which causes delay in communicating with Plaintiff.

Next, as the Court is aware, Wolden served numerous third-party Subpoenas which
Wolden anticipated responses to the Subpoenas by the date requested; May 25, 2022. However,
there were numerous third-parties that did not respond requiring Wolden to contact them and/or
send letters requesting compliance with the Subpoenas. The last outstanding Subpoena was
responded to recently on June 22, 2022. As shown, there was a thirty day delay in obtaining the
records.

| 1 | Wolden recognizes that this request is being made fewer than twenty-one days before the | | |
|----|---|--|--|
| 2 | current deadline to complete discovery, July 1, 2022, however he submits that good cause and | | |
| 3 | excusable neglect exist for the delay. | | |
| 4 | LR 26-3 states in relevant part: | | |
| 5 | A motion or stipulation to extend a deadline set forth in a discovery plan must be received by the court no later than 21 days before the expiration | | |
| 6 | of the subject deadline. A request made within 21 days of the subject deadline must be supported by a showing of good cause. A request made after the expiration of the subject deadline will not be granted unless the movant also demonstrates that the failure to act was the result of excusable | | |
| 7 | | | |
| 8 | neglect. | | |
| 9 | In evaluating excusable neglect, the court considers the following factors: (1) the reason | | |
| 10 | for the delay and whether it was in the reasonable control of the moving party, (2) whether the | | |
| 11 | moving party acted in good faith, (3) the length of the delay and its potential impact on the | | |
| 12 | proceedings, and (4) the danger of prejudice to the nonmoving party. See Pioneer Inv. Servs. Co. | | |
| 13 | v. Brunswick Assocs., 507 U.S. 380, 395 S. Ct. 1489, 123 L.Ed.2d 74 (1993). | | |
| 14 | As noted in the Parties' previous requests and above, Plaintiff is currently incarcerated | | |
| 15 | and is representing himself in proper person. Because of this, communication between the | | |
| 16 | Parties – such as communicating about extending discovery – must be done in writing and by | | |
| 17 | mail. This causes delay. In addition, the first request to extend discovery only sought a short | | |
| 18 | extension of time as to the deadline to disclose experts. At that time, Wolden did not anticipate | | |
| 19 | that so many of the medical providers Plaintiff treated with would not respond to Subpoenas; | | |
| 20 | causing further delay. Wolden submits that excusable neglect is shown in the delay in requesting | | |
| 21 | the extension. | | |
| 22 | Wolden did make a good faith effort to meet and confer with Plaintiff about extending | | |
| 23 | the discovery deadlines prior to filing this Motion. Although Plaintiff did not respond to | | |

Wolden's request, given that Plaintiff is still attempting to obtain documents from Wolden's

24

employer, it could easily be assumed that Plaintiff is not yet finished conducting discovery
 himself. No party will be prejudiced if the discovery deadlines are extended. The parties have
 been actively engaged in discovery. Due to various delays additional time is needed. This
 extension will give the parties the time needed to complete discovery.
