II. DISCOVERY YET TO BE COMPLETED

The Parties have yet to complete the following discovery (individual or 30(b)(6) designees);

- the depositions of the remaining named parties;
- the depositions of fact witnesses;
- subpoenas *duces tecum* and the depositions of third party percipient witnesses;
- inspection of items and land pursuant to FRCP 34;
- expert witness disclosures and expert witness depositions;
- additional written discovery which may include written discovery to one another and/or additional subpoenas to third parties; and
- Any additional discovery the parties wish to conduct.

The Parties reserve the right to conduct additional discovery that is permitted by the Federal Rules of Civil Procedure.

III. REASONS WHY REMAINING DISCOVERY HAS NOT BEEN COMPLETED

While the parties have been diligent in conducting discovery in this matter, the following issues have been unavoidable:

This case involves multiple parties and coordinating deposition dates that work with all parties has been challenging. At this time, there have been approximately 11,000 documents, seven hundred and fifty (750) photos, and eleven (11) hours of video that have been produced. Due to the large volume of documents produced, the parties are in the process of completing a thorough document review, responding to written discovery, and properly preparing for depositions.

Plaintiffs’ counsel has a twenty-five (25) day trial set in the Los Angeles Superior Court, starting on August 1, 2023, and a ten (10) day trial immediately following on September 12, 2023 in the U.S. District Court of Nevada. This has significantly hindered the parties’ ability to complete and conduct the necessary discovery in this case within the current deadline.
