## II. ORDER AND DECREE

THIS MATTER came before the Court upon the Parties' Joint Motion for Entry of Consent Decree and the foregoing Stipulations of the parties. Having considered the Stipulations and the promises set forth below, the Court hereby ORDERS, ADJUDGES, and DECREES as follows:

1. The parties stipulate solely for purposes of this Decree that this Court has jurisdiction over the parties and subject matter of this action.

2. Each signatory for the parties certifies for that party that he or she is authorized to enter into the agreement set forth herein.

3. This Consent Decree applies to and binds the parties and their successors and assigns.

4. This Consent Decree and any injunctive relief ordered within applies to the operation, oversight, or both by UFP WA of its facility at or about 1207 Three Lakes Road, Snohomish, Washington (the "Facility").

5. This Consent Decree is a full and complete settlement and release of all the claims in the complaint and the sixty-day notice and all other claims known or unknown existing as of the date of entry of the Consent Decree that could be asserted under the Clean Water Act, 33 U.S.C. §§ 1251-1387, arising from operation of the Facility. These claims are released and dismissed with prejudice. Enforcement of this Consent Decree is Waste Action Project's exclusive remedy for any violation of its terms.

6. This Consent Decree is a settlement of disputed facts and law. It is not an admission or adjudication regarding any allegations by Waste Action Project in this case or of any fact or conclusion of law related to those allegations, nor evidence of any wrongdoing or misconduct on

1 the part of UFP. UFP expressly denies all liability concerning the allegations by Waste Action  
2 Project.

3 7. In full and complete satisfaction of all the claims covered by the Complaint and all  
4 other claims covered by this Consent Decree, UFP WA agrees to the following terms and  
5 conditions:

6 a. UFP WA will comply with all conditions of its National Pollutant Discharge  
7 Elimination System Permit No. WAR000752 (the “NPDES permit”) and any successor,  
8 modified, or replacement permit authorizing discharges of stormwater associated with  
9 industrial activity from the Facility.

10 b. UFP WA will comply with all conditions of Administrative Order #21270,  
11 which mandates full implementation of stormwater treatment by September 30, 2024, along  
12 with other interim measures.

13 c. For the duration of this Consent Decree, UFP WA will, as soon as  
14 practicable, electronically forward to Waste Action Project copies of all substantive  
15 communications to and/or from Ecology related to its NPDES permit, compliance with its  
16 NPDES permit, records and reports required to be submitted to Ecology by its NPDES  
17 permit or Administrative Order, compliance with the Administrative Order, and the  
18 construction and operation of the bioretention system.

19 d. UFP WA will implement and maintain the following BMPs for the life of  
20 the Consent Decree; make related amendments to the SWPPP as soon as practicable; and,  
21 no later than 30 days after the effective date of this Consent Decree, provide Waste Action  
22 Project with a copy of the amended SWPPP within 10 days of amending it pursuant to this

4 reasonable attorney and expert witness fees) by check payable and mailed to Smith & Lowney,  
5 PLLC, 2317 East John St., Seattle, WA 98112, attn: Marc Zemel. UFP WA's payment will be  
6 in full and complete satisfaction of any claims Waste Action Project has or may have, either  
7 legal or equitable, and of any kind or nature whatsoever, for fees, expenses, and costs incurred  
8 in the Litigation.

9           10.       UFP will not be required to perform any obligations under this Consent Decree;  
10 be liable for loss or damage for failure to do so; or be deemed to be in breach hereof where  
11 UFP's ability to commence or continue to perform any work is prevented, delayed, limited,  
12 restricted, or interfered with, in whole or in part, by, from, through, or as a result of, any Force  
13 Majeure Events (as defined below), provided that UFP complies with the procedures described  
14 in paragraph 12 and uses reasonable efforts to perform its obligations. Under these conditions,  
15 any obligations under this Consent Decree will be suspended for the duration of time UFP is  
16 affected by such Force Majeure Events, and Waste Action Project, its subsidiaries, affiliates, or  
17 related entities waive any and all claims for damages or otherwise, and forever release UFP

2 13. This Court retains jurisdiction over this matter while this Consent Decree remains  
3 in force. And, while this Consent Decree remains in force, this case may be reopened without filing  
4 fee so that the parties may apply to the Court for any further order that may be necessary to enforce  
5 compliance with this Consent Decree or to resolve any dispute regarding the terms or conditions of  
6 this Consent Decree. In the event of a dispute regarding implementation of, or compliance with,  
7 this Consent Decree, the parties must first attempt to resolve the dispute by meeting to discuss the  
8 dispute and any suggested measures for resolving the dispute, including considering submitting the  
9 dispute to mediation with Mark Schneider at Perkins Coie LLP. Such a meeting should be held as  
10 soon as practical but must be held within 30 days after notice of a request for such a meeting to the  
11 other party and its counsel of record. If no resolution is reached at that meeting or within 30 days  
12 of the Notice, either party may file a motion with this Court to resolve the dispute. The provisions  
13 of section 505(d) of the Clean Water Act, 33 U.S.C. § 1365(d), regarding awards of costs of  
14 litigation (including reasonable attorney and expert witness fees) to any prevailing or substantially  
15 prevailing party, will apply to any proceedings seeking to enforce the terms and conditions of this  
16 Consent Decree.

17 14. The parties recognize that, pursuant to 33 U.S.C. § 1365(c)(3), no consent judgment  
18 can be entered in a Clean Water Act suit in which the United States is not a party before 45 days  
19 following the receipt of a copy of the proposed consent judgment by the U.S. Attorney General and  
20 the Administrator of the U.S. EPA. Therefore, upon the filing of this Consent Decree by the parties,  
21 Waste Action Project will serve copies of it upon the Administrator of the U.S. EPA and the  
22 Attorney General.

2 months after Ecology finds compliance with Administrative Order #21270.

3           16.     All parties have participated in drafting this Consent Decree.

4           17.     This Consent Decree constitutes the entire agreement between the parties. There are  
5 no other or further agreements, either written or verbal. This Consent Decree may be modified only  
6 upon a writing signed by both parties and the approval of the Court.

7           18.     If for any reason the Court should decline to approve this Consent Decree in the

RE: Waste Action Project v. UFP WASHINGTON LLC; UFP INDUSTRIES, INC.; Case No. 2:21-cv-01636

To Whom It May Concern:

This letter is intended to provide assurance that I have reviewed the Consent Decree between Waste Action Project and UFP Washington LLC / UFP Industries, Inc. (UFP) and that I am authorized by my Board of Directors to make the following binding commitments on behalf of Wild Fish Conservancy (WFC):

1. I understand that WFC should receive \$183,900 from UFP as specified in the Consent Decree.
2. WFC shall use the UFP funds working on environmentally beneficial projects that protect natural watershed processes and water quality of the Pilchuck Watershed, a significant tributary to the Snohomish River located in Snohomish, Washington.
3. WFC will use the funding to perform a watershed-wide inventory and assessment of the Pilchuck River. Using remote data and where landowners grant WFC staff permission to access, WFC will map and classify stream and fish habitat restoration opportunities in the Pilchuck River. WFC will determine stream reach classifications using the rules and protocols provided in WAC 222-16-031 and Section 13 of the Forest Practices Board Manual. Inventory results will be made available on WFC's interactive web map, and provided to the WA Dept. of Natural Resources through water type modification forms.
4. After funds have been disbursed, WFC shall send a report to the Justice Department, the Court and the Parties describing how the funds were utilized and demonstrating conformance with the nexus of the Consent Decree.

Wild Fish Conservancy is a 501(c)3 nonprofit conservation organization (Tax ID 91-1451405) headquartered in Washington State and dedicated to preserving, protecting and restoring the northwest's wild fish and the ecosystems they depend on, through science, education, and advocacy. Our staff comprises 19 professional scientists, advocates, and educators, and our Board of Directors is represented by a group of dedicated and accomplished scientists, natural-resource managers, activists, and leading voices in the field of conservation ecology. Together, our staff and board's decades of experience in technical research, engineering, advocacy, and public education allow us to effectively address a broad range of complex issues facing wild fish— always with science as our compass.

None of the funds received will be used for lobbying or election activities. All will be within the scope of our allowed 501(c)3 activities.

Wild Fish Conservancy is governed by a Board of Directors, and is committed to sound fiscal management. WFC contracts with an independent certified public accounting firm to conduct audits, and did so most recently during spring 2022.

UFP WA may not make any public statement taking credit for this payment without explicitly recognizing the circumstance of this settlement and WAP's notice of intent to sue. UFP may not consider the payment to be a charitable contribution for tax accounting purposes.

Please do not hesitate to contact me with questions or for additional information.
