COURT OF APPEALS

ZAK BAALBAKI,

Plaintiff-Appellant,

v

TIMOTHY ALLEN SEELOW,

Defendant-Appellee.

UNPUBLISHED

February 5, 2008

No. 275629

Oakland Circuit Court

LC No. 05-069188-NI

Before: Talbot, P.J., and Zahra and Meter, JJ.

METER, J (*concurring*).

I concur in the majority's analysis concerning whether plaintiff sufficiently demonstrated that the injuries he allegedly incurred affected his general ability to live his normal life. However, under the circumstances of this case, I find it unnecessary to address the issue of causation.

I concur in the majority's conclusion to affirm.
