**MEMORANDUM OPINION**

Appellant filed her notice of appeal on December 4, 2009, along with an affidavit of indigence. After several delays, the filing of the appellate record was completed on November 9, 2010, making appellant's brief due December 13. *See* Tex. R. App. P. 38.6(a). On January 11, 2011, we sent appellant notice that her brief was overdue, informing her that if a response was not filed by January 21, the appeal was subject to dismissal. *See id.* R. 42.3(b). To date, we have received no response from appellant. We therefore dismiss the appeal for want of prosecution. *See id.*
