PER CURIAM:

Michael Moment appeals the district court's order dismissing his civil complaint for lack of jurisdiction pursuant to the Rooker-Feldman doctrine.\* We have reviewed the record and find no reversible error. Accordingly, we affirm for the reasons stated by the district court. Moment v. O'Malley, No. 8:09-cv-02209-AW (D. Md. filed Sept. 16, 2009; entered Sept. 17, 2009). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
