PER CURIAM:

Richard A. Kaminsky appeals the district court's order adopting the magistrate judge's recommendation and dismissing his complaint. We have reviewed the record and find no reversible error. Accordingly, we affirm for the reasons stated by the district court. Kaminsky v. Wake Forest Univ. Baptist Med. Ctr., WFUBMC, No. 1:08-cv-00882-JAB-PTS (M.D.N.C. July 19, 2010). We deny as moot Kaminsky's motion to expedite. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
