Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Stephen John Guidetti appeals the district court's order denying relief on his 42 U.S.C. § 1983 (2006) complaint. The district court referred this case to a magistrate judge pursuant to 28 U.S.C.A. § 636(b)(1)(B) (West 2006 & Supp. 2012). The magistrate judge recommended that relief be denied and advised Guidetti that failure to file timely, specific objections to this recommendation could waive appellate review of a district court order based upon the recommendation.

The timely filing of specific objections to a magistrate judge's recommendation is necessary to preserve appellate review of the substance of that recommendation when the parties have been warned of the consequences of noncompliance. Wright v. Collins, 766 F.2d 841, 845-46 (4th Cir. 1985); see also Thomas v. Arn, 474 U.S. 140 (1985). Guidetti has waived appellate review by failing to file specific objections after receiving proper notice. Accordingly, we grant Guidetti leave to proceed in forma pauperis, affirm the judgment of the district court, and dismiss Guidetti's motion to suppress testimony.

We dispense with oral argument because the facts and legal contentions are adequately presented in the materials

before this court and argument would not aid the decisional process.
