PER CURIAM:

Michael E. Sanders appeals the district court's order denying relief on his 42 U.S.C. § 1983 (2006) complaint. The district court referred this case to a magistrate judge pursuant to 28 U.S.C.A. § 636(b)(1)(B) (West 2006 & Supp. 2012). The magistrate judge recommended that relief be denied and advised Sanders that failure to file timely objections to this recommendation could waive appellate review of a district court order based upon the recommendation.

The timely filing of specific objections to judge's recommendation is necessary to preserve appellate review of the substance of that recommendation when parties have been warned of the the consequences Wright v. Collins, 766 F.2d 841, 845-46 (4th noncompliance. Cir. 1985); see also Thomas v. Arn, 474 U.S. 140 (1985). failing to file has waived appellate review Sanders by objections after receiving proper notice. Accordingly, affirm the judgment of the district court.

We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
