## PER CURIAM:

Dr. Ning Shen appeals the district court's order dismissing her action against the Veterans Affairs Medical Center in Martinsburg, West Virginia. We have reviewed the record, as well as the parties' briefing in this matter, and find no reversible error. *See Hux v. City of Newport News*, 451 F.3d 311, 315 (4th Cir. 2006) (a plaintiff's failure to demonstrate a genuine issue of material fact regarding pretext warrants summary judgment). Accordingly, we affirm the judgment of the district court. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before the court and argument would not aid the decisional process.
