

UNPUBLISHED

**UNITED STATES COURT OF APPEALS
FOR THE FOURTH CIRCUIT**

No. 19-7574

UNITED STATES OF AMERICA,

Plaintiff - Appellee

,

v.

ARTAVIOUS QUONTA BODDIE,

Defendant - Appellant.

Appeal from the United States District Court for the Eastern District of North Carolina, at Raleigh. Terrence W. Boyle, Chief District Judge. (5:13-cr-00278-BO-1; 5:16-cv-00295-BO)

Submitted: April 14, 2020

Decided: April 16, 2020

Before WILKINSON, QUATTLEBAUM, and RUSHING, Circuit Judges.

Dismissed by unpublished per curiam opinion.

Artavious Quonta Boddie, Appellant Pro Se.

Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Artavious Quonta Boddie seeks to appeal the district court's order denying relief on his 28 U.S.C. § 2255 (2018) motion. The order is not appealable unless a circuit justice or judge issues a certificate of appealability. *See* 28 U.S.C. § 2253(c)(1)(B) (2018). A certificate of appealability will not issue absent "a substantial showing of the denial of a constitutional right." 28 U.S.C. § 2253(c)(2) (2018). When the district court denies relief on the merits, a prisoner satisfies this standard by demonstrating that reasonable jurists would find the district court's assessment of the constitutional claims debatable or wrong. *See Buck v. Davis*, 137 S. Ct. 759, 773-74 (2017). When the district court denies relief on procedural grounds, the prisoner must demonstrate both that the dispositive procedural ruling is debatable and that the motion states a debatable claim of the denial of a constitutional right. *Gonzalez v. Thaler*, 565 U.S. 134, 140-41 (2012) (citing *Slack v. McDaniel*, 529 U.S. 473, 484 (2000)).

We have independently reviewed the record and conclude that Boddie has not made the requisite showing. Accordingly, we deny a certificate of appealability and dismiss the appeal. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.

DISMISSED
