PER CURIAM:

Demetrius Spence appeals the district court's order denying his motion for compassionate release and dismissing his request for home confinement. We have reviewed the record and find no reversible error. Accordingly, we affirm for the reasons stated by the district court. *United States v. Spence*, No. 2:11-cr-00004-D-1 (E.D.N.C. May 13, 2021). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
