PER CURIAM:

Danny A. Rodriguez, a federal prisoner, appeals the district court's order denying relief on his 28 U.S.C. § 2241 petition. We have reviewed the record and find no reversible error. Accordingly, we affirm for the reasons stated by the district court. *Rodriguez v. Streeval*, No. 7:20-cv-00194-NKM-JCH (W.D. Va. May 11, 2021). As did the district court, we note that, to the extent Rodriguez alleges ineffective assistance of counsel or challenges the validity of his plea based on representations made by prison officials, such challenges would need to be presented in a motion under 28 U.S.C. § 2255. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
