PER CURIAM:

Eric J. Johnson, a federal prisoner, appeals the district court's order accepting the recommendation of the magistrate judge and denying relief on Johnson's 28 U.S.C. § 2241 petition in which Johnson challenged the execution of his sentence. We have reviewed the record and find no reversible error. Accordingly, we affirm the district court's order. *Johnson v. Andrews*, No. 2:21-cv-00245-RAJ-DEM (E.D. Va. Jan. 13, 2022). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
