Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Stephen E. Lee appeals the district court's orders dismissing his claims against Defendants for lack of jurisdiction and denying Lee's motions for appointment of counsel. We have reviewed the record and discern no reversible error. Accordingly, we affirm the district court's dismissal orders, *Lee v. Savage*, No. 1:21-cv-01609-DLB (D. Md. filed Apr. 25, 2022 & entered Apr. 26, 2022; Dec. 27, 2022), as modified to reflect that the dismissal of Lee's claims is without prejudice, *see S. Walk at Broadlands Homeowner's Ass'n, Inc. v. OpenBand at Broadlands, LLC*, 713 F.3d 175, 185 (4th Cir. 2013) ("A dismissal for lack of . . . subject matter jurisdiction . . . must be one without prejudice, because a court that lacks jurisdiction has no power to adjudicate and dispose of a claim on the merits."). We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
