PER CURIAM:

Victor B. Perkins appeals the district court's order dismissing his action without prejudice. We have reviewed the record and find no reversible error. Accordingly, we affirm the district court's order. *Perkins v. Risk Assessment Panel*, No. 5:22-hc-02205-FL (E.D.N.C. Dec. 19, 2022). We deny Perkins' motion to show cause. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
