Before WOLLMAN, SMITH, and GRUENDER, Circuit Judges.

PER CURIAM.

David Jeep appeals the district court's¹ orders dismissing his claims against multiple defendants and granting summary judgment to the remaining defendants in his 42 U.S.C. § 1983 action. After careful review, we conclude that the orders were proper for the reasons stated by the district court and that an extended discussion is not warranted. <u>See Maness v. Dist. Court</u>, 495 F.3d 943, 943-44 (8th Cir. 2007) (per curiam) (de novo review of dismissals based on immunity); <u>Rouse v. Benson</u>, 193 F.3d 936, 939 (8th Cir. 1999) (district court's grant of summary judgment reviewed de novo).

Accordingly, we affirm the judgment of the district court, <u>see</u> 8th Cir. R. 47B, and we deny as moot Jeep's motion for an expedited appeal.

¹The Honorable Scott O. Wright, United States District Judge for the Western District of Missouri.
