PER CURIAM.

Paul Miller appeals the district court's<sup>1</sup> order confirming an arbitration award, and dismissing his application to vacate the award. Having carefully reviewed the record and the parties' arguments on appeal, we conclude that the district court did not err in confirming the arbitration award. See Manion v. Nagin, 392 F.3d 294, 298 (8th Cir. 2004) (on appeal from order confirming arbitration award, factual findings are reviewed for clear error and questions of law are reviewed de novo). Accordingly, we affirm, see 8th Cir. R. 47B, and we deny the parties' appellate motions.
