No. 09-70759

Agency No. A099-697-131

MEMORANDUM*

On Petition for Review of an Order of the
Board of Immigration Appeals

Submitted May 15, 2012**

Before: CANBY, GRABER, and M. SMITH, Circuit Judges.

Xi Liu, a native and citizen of China, petitions for review of the Board of Immigration Appeals’ order dismissing his appeal from an immigration judge’s decision denying his application for asylum, withholding of removal, and protection under the Convention Against Torture (“CAT”). We have jurisdiction

* This disposition is not appropriate for publication and is not precedent except as provided by 9th Cir. R. 36-3.

** The panel unanimously concludes this case is suitable for decision without oral argument. See Fed. R. App. P. 34(a)(2).

under 8 U.S.C. § 1252. We review for substantial evidence the agency’s factual findings, applying the new standards governing adverse credibility determinations created by the Real ID Act. *Shrestha v. Holder*, 590 F.3d 1034, 1039 (9th Cir. 2010). We deny the petition for review.

Substantial evidence supports the agency’s adverse credibility determination based on the discrepancies between Liu’s testimony and the documentary evidence he submitted, as well as numerous inconsistencies within his documentary evidence. *See id.* at 1047-48 (adverse credibility determination was reasonable under the Real ID Act’s “totality of the circumstances” standard). In the absence of credible testimony, Liu’s asylum and withholding of removal claims fail. *See Farah v. Ashcroft*, 348 F.3d 1153, 1156 (9th Cir. 2003).

Because Liu’s CAT claim is based on the same testimony the agency found not credible, and he points to no other evidence showing it is more likely than not he will be tortured if returned to China, his CAT claim also fails. *See id.* at 1156-57 (9th Cir. 2003).

PETITION FOR REVIEW DENIED.
