

NOTE: This order is nonprecedential.

**United States Court of Appeals
for the Federal Circuit**

LEONID MIKITYANSKIY,
Plaintiff-Appellant,

v.

THERMIONICS, INC.,
Defendant-Appellee.

2012-1406

Appeal from the United States District Court for the
Central District of Illinois in case no. 11-CV-3006, Judge
Richard Mills.

ON MOTION

O R D E R

Thermionics, Inc. moves without opposition for leave
to file a supplement to the joint appendix.

The documents, if cited in the briefs, may be included
without leave of court. In any event, it appears that the
documents were appended to the appellee's brief, which
was rejected due to an improper addendum. The court
allows the brief to be filed with the addendum, which

includes the items Thermionics seeks to add to the joint appendix.

Upon consideration thereof,

IT IS ORDERED THAT:

The motion is granted to the extent noted above. The brief submitted by the appellee on August 30 is accepted for filing.
