Attn: Judge Steven W. Rhodes:

The effects of pension cuts upon my budget is a horrible stage in my life. This procedure of 34% or any percentage brings a hardship. I am paying car note and mortgage from the pension; this also includes my annuity which makes up the total pension payment. Now, health care is also a problem.

The years I have invested working for the City are valuable to me. I enjoyed my job as an Emergency Service Operator (911) was a stressful job but full filling. I was able to assist, help, & direct citizens to the correct section of dispatching department. When I retired I received several awards because I took my job

seriously.

I think and know that my service
to the citizens of Detroit is valuable
and expect ~~the~~ ^{to receive} upon
retirement my full pension.

I can't live with or maintain
my bills with a pension cut.

Yours,

Eddie Sandra Ringer
