Honorable Judge Rhodes,

I can only express how terrified I am and my family hearing the cuts that our family has to take. Both my husband and myself worked for the City of Detroit. We are taking a double hit on our family with one stipend per family for Health Care. We also have a 17 year old who wants to go to college and at this time will be very hard on us. He also has Asthma who needs continuous care. To take a 34% cut on our pension will put us at poverty level and would have to put in for State Assistance (Food Stamps, etc.) We have help to build

this City, Country with hard work and we
feel nothing is given to us we earned it.
what do we tell our grandchildren - If you
work hard you want be entitled to hardly
any benefits. This will affect our way of
life as we know it. God have Mercy on
Us!

Sincerely,
Rita Jordan
