

Case # 13-53-846

Feb 24, 2014

Dear Judge Rhodes:

My Name is Eloise Abram and I am a retiree for the City of Detroit. They have lied to us all along. I have a book and two letters showing what they did. They said we did not have to do anything - our health insurance would remain the same. I am on oxygen 24/7; I am a diabetic; COPD; Hypertension and I also have Lupus.

I have been paying approx \$80 a month for my medicine, but as of 3-1-2014, I will be paying \$250 a month for medicine. I still don't know how much my oxygen will be; but they tell me I have to pay \$500 deductible before I can get my oxygen! I don't have \$500 to give on 3-1-14. I am paying \$339 a month to DTE and that is a budget and over \$500 for other bills. My check is only \$1,173 a month. Notice, I didn't mention, food, transportation etc. Now they want to take 34% out of our checks

That would be like ^{\$}400!!
I am so depressed and
upset that they could do
something like this to us
serious. Please don't
let them do this.

Thank you

Ms. Eloise Abra
