

Case # 13-53846

Honorable Judge Steven Rhodes

My name is Lucille Monroe Nicks. I am  
a City of Detroit - General Retiree.

I was totally <sup>distracted and</sup> devastated by the Plan of  
Adjustment proposed by Emergency  
Manager, Kevin Orr.

If the proposed Plan is accepted, it  
would be quite devastating to me and my  
family.

I lost money in the Tazilyn Poinsetta  
scam. Ms. Poinsetta was an employee  
of Colonial Insurance who formed her  
own company and stole savings from  
City employees as well as Detroit  
Public School teachers. I lost over  
\$5000 in this scam. Recently received  
a restitution check for \$2,811.

As a City of Detroit employee it was  
mandatory to save a percentage of  
our earnings. Now, with no savings  
and the proposed 30-34% cut in my  
pension.

I would be in need of financial assistance  
from the State.

Is there anything that you can do to help me and my family?

Please have those who are on the Boards making decisions on our hard earned money to re-consider the Plan that cuts into our funds. One-third (1/3) of our Pension is too much. Gas, car auto, insurances, foreclosure utilities and food are even be considered.

Please help us.

Thank you for allowing me to share this with you.  
Listening for a favorable response.

Luelle Ricks
