OPINION

Plaintiff filed this lawsuit asserting that defendant infringed its patents for hunting decoys. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that defendant's motion for summary judgment should be granted. There are no objections to the recommendation. After an independent and de novo review of the record, the court concludes that the magistrate judge's recommendation should be adopted.

An appropriate judgment will be entered.

DONE, this the 28th day of September, 2015.
