REVISED REMEDY SCHEDULING ORDER
ON PHASE 1 AND PHASE 2A ADA CLAIMS
AND PHASE 2A EIGHTH AMENDMENT CLAIM

It is ORDERED that the joint motion for extension of time to file status report regarding alterations to Birmingham Work Release and Donaldson (Doc. 4074) is granted and that deadlines and dates for the Phases 1 and 2A remedy scheduling order for the ADA and Eighth Amendment claims remain and are revised as set forth below.

Note that the formatting of the scheduling order is as follows. Each section is designated with a cell-block number so that it may be more easily referenced. For example, Section III deals with the "PHASE 2A EIGHTH AMENDMENT CLAIM." Subpart B of that section pertains to "CORRECTIONAL STAFFING." So the second cell in that subpart is referred to as cell III.B.2. The court's citation for this cell is (Doc. X) at 4, cell III.B.2.

2	<p>The parties must submit a joint correctional-staffing "trends" report to the court within seven days of the filing of each quarterly correctional staffing report. The "trends" reports should include the five items outlined in the court's July 17, 2023, order. 8	The defendants filed the Updated 2022 Correctional Staffing Analysis (Doc. 3928) on February 24, 2023, which resolved the parties' disputes as to the adequacy of the 2022 Correctional Staffing Analysis (Doc. 3927).	Done	
9	The parties should file a joint report confirming the RPU completed its annual review and report of the current staffing analysis, as outlined in AR 238. See Joint Report (Doc. 4033).	12/1/23 by 5:00 p.m.	
10	Status conference: The parties should be prepared to discuss the matter in the preceding cell.		12/8/23 at 9:00 a.m.

12	Status conference: The parties should be prepared to		7/12/24 at 9:00 a.m.

	discuss the matter in the preceding cell.		
13	<p>The defendants must develop with the Savages, and submit to the court, realistic benchmarks for the level of correctional staffing ADOC will attain by December 31 of 2022 (though this date is passed), 2023, and 2024 respectively to put ADOC on track to fill all mandatory and essential posts by July 1, 2025. (Doc. 3464) at § 2.1.5. (Doc. 3857). The defendants filed their proposed benchmarks on January 20, 2023 (Doc. 3901), the plaintiffs filed a response (Doc. 3906), to which defendants replied (Doc. 3917). The State's proposed benchmarks do not reflect the operative Updated 2022 Correctional Staffing Analysis (Doc. 3928) and they employ a 33% overtime rate, which is a contested issue. Accordingly, the court does not accept the proposed benchmarks at this time and will revisit the issue of benchmarks once other issues</p>	On hold pending consideration of other matters as indicated.	

	pertaining to the quarterly correctional staffing reports, overtime calculation, and updated staffing analyses are resolved.		
14	Deadline by which ADOC must fill all mandatory and essential posts at the level indicated in the most recent staffing analysis at that time. (Doc. 3464) at § 2.1.4.	7/1/2025	
III.C MENTAL-HEALTH STAFFING			
1	The defendants must submit mental-health staffing reports to the court and the EMT. (Doc. 3464) at § 2.2.4. By agreement of the parties, the defendants are to submit these reports on the dates set forth in the Phase 2A Understaffing Remedial Order (Doc. 1657) at § 4, namely, March 1, June 1, September 1, and December 1 of each year.	On March 1, June 1, September 1, and December 1 of each year	
2	The parties must submit a joint mental-health-staffing "trends" report to the court within seven days of the filing of each quarterly mental-health-staffing report. The "trends" reports should include the	Within seven days of the filing of each quarterly correctional staffing report.	

	<p>five items outlined in the court's July 19, 2023, order. (Doc. 3998).</p>		
3	<p>Status conference: The parties should be prepared to discuss what the quarterly mental-health-staffing reports reflect, as outlined in their most recent mental-health-staffing trends report.</p>	12/8/23 at 9:00 a.m.	
4	<p>There is an ongoing disagreement on the appropriate method for comparison of ADOC's mental-health staffing levels against the levels set forth by the mental-health staffing ratios and mental-health staffing matrix incorporated in Sections 2.2.1 and 2.2.3 of the Phase 2A Omnibus Remedial Order (Doc. 3464). Plaintiffs filed reports as to this issue (Doc. 3766 & Doc. 3854) and the defendants filed a response to the plaintiffs' report. (Doc. 3856). In light of these reports, the court ordered the parties to file a joint report specifically identifying their areas of "agreement" and their areas of "disagreement," and their suggestions of how the court should</p>	On hold pending EMT's evaluation.	

	<p>proceed. The parties filed that report on December 28, 2022. (Doc. 3892). At the triannual status conference on July 14, 2023, the parties agreed that the court should wait to see if the EMT's performance measures touch on this issue. Nonetheless, the parties are to file a joint status report as to the EMT's progress on evaluating the quarterly mental-health staffing reports and whether the EMT's performance measures touch on this issue.</p>		
5	<p>The EMT shall review ADOC's mental-health staffing ratios and, if necessary, make recommendations for revising them. (Doc. 3464) at § 2.2.2.</p>	<p>Beginning one year from the initiation of monitoring</p>	
6	<p>Deadline by which ADOC must achieve the staffing levels set forth in the staffing matrix previously approved by the court in the Phase 2A Order and Injunction on Mental-Health Staffing Remedy (Doc. 2688), subject to any subsequent modifications. Note: The Omnibus Remedial Order originally set June 1, 2025, as the compliance deadline.</p>	<p>7/1/2025</p>	

	(Doc. 3464) at § 2.2.3. As reflected in the parties' July 26, 2023, joint filing (Doc. 4004) at 2-3, that date was reset to July 1, 2025 (Doc. 3486) at 3.		
III.D RESTRICTIVE HOUSING			
1	The defendants must file with the court and the EMT reports on each inmate who has been in restrictive housing for longer than 72 hours under exceptional circumstances during that week. (Doc. 3464) at § 3.1.4, (Doc. 3557), and (Doc. 3771).	On a weekly basis	
2	The court required the parties to file reports on what the most recent weekly SMI reports to the court reflect (trends, etc., if any). While the reports raised serious concerns, the court decided at the August 15 and November 7, 2022, status conferences not to take any immediate action, with the understanding that the EMT will examine the concerns closely in the very near future and that, otherwise, the court will reconsider looking into the issue itself (Doc.	On hold pending EMT's evaluation.	

	<p>3768 and Doc. 3865). At the triannual status conference on July 14, 2023, the parties agreed that the court should wait to see if the EMT's performance measures touch on this issue. The parties are to file a joint status report as to the EMT's progress on reviewing the SMI reports and whether the EMT's performance measures touch on this issue.</p>		
3	<p>On October 27, 2023, the parties filed a joint statement outlining the defendants' proposal as to how ADOC will allow its restrictive housing units (RHUs) to function safely with the correctional staff that ADOC currently employs. (Doc. 4061). The court informally approved this plan and, as proposed by the parties, ordered ongoing monthly status reports regarding restrictive housing operations. The defendants are to file monthly RHU reports as outlined in Doc. 4082.</p>	<p>By 5:00 p.m. on the 15th day of the month following the conclusion of the reporting month.</p>	
4	<p>Parties are to file RHU "trends" report, as outlined in Doc. 4082.</p>	<p>Within seven days of the filing of each monthly restrictive housing report.</p>	

5	<p>Status conference: The parties should be prepared to discuss the matter in the preceding cell.</p>	11/3/23 at 9:00 a.m.	2/9/24 at 9:00 a.m.
6	<p>The Phase 2A omnibus remedial order provided that all RHU cells must be cleaned by June 8, 2022. (Doc. 3464) at § 3.1.1. The defendants filed a notice with the court confirming that they have met this deadline. (Doc. 3698). Based on the representations made at several status conferences, the court stated that it will not take any immediate action with respect to the continued cleanliness of RHU cells, albeit with the expectation that the EMT will monitor the issue as soon as it is fully operational. The court stated that it would revisit the issue later in light of the status of the EMT at that time. (Doc. 3770 and Doc. 3862). At the triannual status conference on July 14, 2023, the parties agreed that the court should wait to see if the EMT's performance measures touch on this issue. The</p>	On hold pending EMT's evaluation.

7	Deadline by which all RHU cells must comply with the conditions set forth in Lindsay M. Hayes's Checklist for the "Suicide-Resistant" Design of Correctional Facilities (Doc. 3206-5). (Doc. 3464) at § 3.1.3. Stayed pursuant to opinion and order on motion to stay. (Doc. 3526) at 75-76.	Stayed	
III.E			
<u>SUICIDE PREVENTION</u>			
1	ADOC must conduct inspections of all suicide watch, SU, and RHU cells to verify that they meet the conditions set forth Lindsay M. Hayes's Checklist for the "Suicide-Resistant" Design of Correctional Facilities (Doc. 3206-5). (Doc. 3464) at § 2.1.7.2. Stayed as to RHU cells pursuant to opinion and order on motion to stay. (Doc. 3526) at 75-76.	Stayed as to RHU cells only; otherwise, on a quarterly basis	

III.F		HIGHER LEVELS OF CARE	
1	In collaboration with the EMT, ADOC must reassess, on an annual basis, (1) the number of inmates on its mental-health caseload and (2) whether the current estimate of the percentage of the mental-health caseload requiring inpatient treatment is accurate. (Doc. 3464) at § 11.2.2. The parties submitted joint reports on how to proceed on this issue on January 27, 2023 (Doc. 3905) and February 9, 2023 (Doc. 3918). At the triannual status conference on July 14, 2023, the parties agreed that the court should wait to see if the EMT's performance measures touch on this issue. The parties are to file a joint status report as to the EMT's progress as to assessing the mental-health caseload and whether the EMT's performance measures touch on this issue.	On hold pending EMT's evaluation.
