OPINION AND ORDER

This case is now before the court on the plaintiff's motion for a preliminary injunction. The motion contends that prison officials have been interfering with mail sent between the plaintiff and witnesses to this lawsuit. The United States Magistrate Judge

entered a recommendation denying the motion for failure to meet the legal standard applicable on a motion for preliminary injunction. No objections to the recommendation have been received. After an independent and de novo review of the entire record, it is ORDERED that:

- (1) The recommendation of the magistrate judge (doc. no. 32) is adopted.
- (2) The plaintiff's motion for preliminary injunction (doc. no. 28) is denied.
- (3) This case is referred back to the magistrate judge for additional proceedings.

DONE, this the 19th day of February, 2015.

/s/ Myron H. Thompson
UNITED STATES DISTRICT JUDGE
