OPINION

Plaintiff, who is incarcerated in the Alabama Department of Corrections, filed this lawsuit raising claims the court does not understand. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that plaintiff's case be dismissed without prejudice for failure to prosecute. There are no objections to the recommendation. After an independent and de novo review of the record, the court concludes that the magistrate judge's recommendation should be adopted.

An appropriate judgment will be entered.

DONE, this the 13th day of January, 2025.
