WELCOME TO THE GARDENDALE CITY BOARD OF EDUCATION SITE

Gardendale Residents,

In accordance with the Court's scheduling order, the Gardendale Board of Education has filed its long-awaited brief in support of the motion to create a Gardendale City School System for all residents.

This is an important time in our city, one that has taken planning, patience, and fortitude to follow the process and defend what is within our rights as a city. Your determination to see that the right decisions are made for our citizens and students is greatly appreciated.

What we do know is a Gardendale City School System helps lift our entire community and can better serve our students who are deserving of a great educational system. That is the ultimate goal.

With any change, there will be resistance and this process has drawn heated opposition from the Jefferson County School System, the NAACP Legal Defense Fund, and others. All will have their arguments heard before the Court in a trial that we anticipate will occur before this year's end. The Gardendale Board of Education is prepared to explain its position, emphasizing that local governance of schools is not only allowed by law but is a better option for students than continuing as a part of the Jefferson County Board of Education.

Attached here is the filing as of 9/9/2016 that you can review exactly as it is presented to the Court. You can see that our arguments are

focused on the key point that the law and the facts support our desire for Gardendale to have its own school system. In this document, we remind the Court and the parties what the law is and how it affects the decision to go forward. This is a legal matter, and the law supports us.

With this or any question you may have, please phone the Board's offices at 205-386-4440 or email at: tellmemore@gardendalecityschools.com.

On behalf of the Gardendale Board of Education and everyone who has been involved in this case, we understand the gravity of our endeavor and appreciate your commitment and support in so many ways.

Thank you,

Gardendale Board of Education

IN THE UNITED STATES DISTRICT COURT FOR THE NORTHERN
DISTRICT OF ALABAMA, SOUTHERN DIVISION

LINDA STOUT, by her father and
next friend, Elvin Stout,

Plaintiff

vs.

JEFFERSON COUNTY BOARD OF EDUCATION,
ET AL,

Defendants

CIVIL ACTION

NO. 55-396

FILED IN CLERK'S OFFICE
NORTHERN DISTRICT OF ALABAMA

JUN 24 1965

WILLIAM E. DAVIS
CLERK, U. S. DISTRICT COURT

By _____
Deputy Clerk

MEMORANDUM OPINION

By agreement of the attorneys of record for the respective parties hereto, this action was submitted for judgment of the court on plaintiff's prayer for final injunctive relief on the complaint, the answer of defendants, and the oral testimony in open court of Dr. Kermit Johnson, Superintendent of Jefferson County Schools, together with the exhibits thereto.

Brought as a class action by a Negro citizen presently attending the public schools of Jefferson County, Alabama, and in behalf of other Negro citizens similarly situated, plaintiff, in essence, prays for a complete desegregation of the Jefferson County public school system with all of its appurtenances to be accomplished by an affirmative injunction requiring, among other things, defendants to submit for approval of the court a plan for the assignment of pupils, teachers, principals, and other school personnel on a non-racial basis.

Defendant, Jefferson County Board of Education, comprised of five members elected by popular vote and who are defendants herein, is responsible for the operation of all public schools within Jefferson County except those within the

geographical boundaries of the cities of Birmingham, Bessemer, Mountain Brook, Tarrant and Fairfield. There are 114 schools in the system, attended by approximately 63,000 pupils, 45,000 of whom are white and 18,000 Negro. Approximately 25 per cent of them reside in rural areas and 75 per cent in urban or suburban areas. Twenty-two hundred and sixty-eight teachers are employed by the Board, of whom 600 are Negroes.

While there is no official or record designation of any of such schools as white or Negro, the evidence is undisputed that no Negro pupil has ever attended a school attended by white pupils in the county system. Consisting of grades one through twelve, the system is operated on the six-three-three plan, the first six grades comprising the elementary school, the next three grades comprising the junior high school, and the last three grades comprising the senior high school. There are areas within the county where white and Negro pupils are mixed as to residences and other areas where Negro pupils reside closer to schools presently attended only by white pupils than to schools attended only by Negroes.

The Board provides transportation in its 253 buses for all children who live more than two miles from the school which they are attending. Negro pupils ride only in buses occupied exclusively by Negroes and there are instances where the bus routes traveled by buses occupied by white pupils, on the one hand, and Negro pupils, on the other, overlap.

No Negro teacher has ever been assigned to a school attended by white pupils, nor has any white teacher ever been assigned to a school attended only by Negro pupils. Negro administrative personnel function only with reference to schools attended by Negroes, while white administrative personnel are primarily concerned with the affairs pertaining to schools attended by white pupils.

While the evidence is undisputed that no application has ever been filed seeking the transfer of a Negro pupil to any school within the system attended by white pupils, as authorized by the Alabama School Placement Law, the Court of Appeals for the Fifth Circuit, in its opinion ordering the issuance of an interlocutory injunction in Armstrong, et al v. Bd. of Ed., Birmingham, Ala., et al, 323 F.2d 333 (5th Cir. 1963), held: "The burden of initiating desegregation does not rest on Negro children or parents or on whites, but on the School Board." Thereafter, the court explicitly stated: "Nothing contained in this opinion or in the order directed to be issued by the district court is intended to mean that voluntary segregation is unlawful; or that the same is not legally permissible."

On the record in this case the only failure to discharge its "burden of initiating desegregation" which may be ascribed to the Board has been inaction on the part of Superintendent and Board in giving notice to students, parents, teachers and other appropriate school personnel calculated to inform them of the rights of Negro parents and pupils to apply for transfer to schools attended by white pupils.

For obvious reasons it would be premature for the court to rule at this time in reference to the assignment of teachers, principals, supervisors, or other professional school personnel. The court expressly disclaims the expression of any opinion as to whether a Negro pupil, as opposed to other persons who would be immediately affected, has standing to seek such relief. Moreover, such questions can be more appropriately considered by the Board and by the court if necessary at some future date.

A separate order, which the court believes will be self-explanatory, granting a part of the relief for which plaintiff

prays will be filed and entered herein. As a caveat, the plan to be submitted pursuant to such order, insofar as timing is concerned, should parallel that submitted by the Board of Education of the City of Birmingham required by the opinion and mandate of the United States Court of Appeals for the Fifth Circuit in Armstrong, et al v. Bd. of Ed., Birm., Ala., et al., 333 F.2d 47 (5th Cir. 1964).

Done, this the 23rd day of June, 1965.

Rayburn H. Lyons
CHIEF JUDGE

All of our public Schools here in Gardendale consistently rank at the top academically in the Jefferson County School System. The Citizens' Education Committee, made up of community leaders and parents, gives a community voice to all of our schools and makes sure the future stays bright for our children.

In addition, the individual schools each boast very active PTAs where combined volunteer hours number in the thousands each semester. There are two private schools in Gardendale, K-6 and K-12, and several private pre-schools.

| Homeowner vacancy rate (percent) [8] | 5.9 | (X) |
| Rental vacancy rate (percent) [9] | 17.4 | (X) |
| HOUSING TENURE | | |
| Occupied housing units | 6,276 | 100.0 |
| Owner-occupied housing units | 4,234 | 67.5 |
| Population in owner-occupied housing units | 10,986 | (X) |
| Average household size of owner-occupied units | 2.59 | (X) |
| Renter-occupied housing units | 2,042 | 32.5 |
| Population in renter-occupied housing units | 5,807 | (X) |
| Average household size of renter-occupied units | 2.84 | (X) |

X Not applicable.

[1] Other Asian alone, or two or more Asian categories.

[2] Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

[3] One of the four most commonly reported multiple-race combinations nationwide in Census 2000.

[4] In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six

percentages may add to more than 100 percent because individuals may report more than one race.

[5] This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as "Latino" or "Hispanic."

[6] "Spouse" represents spouse of the householder. It does not reflect all spouses in a household. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

[7] "Family households" consist of a householder and one or more other people related to the householder by birth, marriage, or adoption. They do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

[8] The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant "for sale." It is computed by dividing the total number of vacant units "for sale only" by the sum of owner-occupied units, vacant units that are "for sale only," and vacant units that have been sold but not yet occupied; and then multiplying by 100.

[9] The rental vacancy rate is the proportion of the rental inventory that is vacant "for rent." It is computed by dividing the total number of vacant units "for rent" by the sum of the renter-occupied units, vacant units that are "for rent," and vacant units that have been rented but not yet occupied; and then multiplying by 100.
