UNITED STATES DISTRICT JUDGE

¹ To the extent the motion to stay (doc. 8) moves the court for additional time in which to file a response to defendants' motion to compel arbitration, that motion is granted, as indicated above. However, to the extent plaintiffs' move the court for an order staying this action until such time as the court issues a ruling a motion to remand not yet filed, that portion of the motion is DENIED. The court cannot base its ruling on an event that has not yet occurred.
