Subject: RE: Strojnik v. Costar - Motion to Dismiss

Chris,

I spoke with plaintiff. He said our removal to federal court was "fascinating" and that it should be a "fun" case. He said that he does a lot of preemption work.

I advised as to our position on discovery. He said, "why don't we do this, why don't you just pay me off" and we will get this resolved. He asked for \$5,000 to dismiss the action. You may have already given Jim your thoughts on settling this matter, but let us know if you are interested in pursuing plaintiff's proposed settlement.
