ORDER

14

15

On February 19, 2010, this Court ordered MERS to identify cases within the district of Arizona, in which MERS had been served, that MERS believed should be consolidated with this MDL. Doc. #112. The Order further required MERS to move to transfer those cases to the undersigned.¹ MERS complied with this Order, and moved to transfer six cases to the undersigned. No party opposed the motion to transfer, and this Court reassigned those six cases to the undersigned. The cases are:

3 *Maguire* CV 09-730-PHX-JAT
4 *Rinehimer* CV 10-347-PHX-JAT

5 As stated above, these cases have been transferred to the undersigned, but not yet
6 consolidated with the MDL case. Although these cases were not reassigned through the
7 panel on multidistrict litigation, the Court will still limit consolidation to cases related to the
8 formation and/or operation of MERS consistent with the panel’s initial order creating the
9 MDL.² To facilitate this Court’s determination on consolidation with the MDL, the Court
10 required MERS to move to remand all claims that were not related to the formation or
11 operation of MERS.

12 **I. General Interpretation of the Transfer Order**

13 In the initial transfer order, the Panel transferred to this Court all claims within these
14 actions that “the various participants in MERS formed a conspiracy to commit fraud and/or
15 that security instruments are unenforceable or foreclosures are inappropriate due to MERS’s
16 presence as a party” or that otherwise concern the “formation and operation” of MERS. Doc.
17 #1. However, the Panel simultaneously remanded unrelated claims to their transferor courts,
18 finding that “plaintiffs’ claims relating to loan origination and collection practices do not
19 share sufficient questions of fact with claims regarding the formation and operation” of
20 MERS and their inclusion “would needlessly entangle the litigation in unrelated, fact-
21 intensive issues.” *Id.*

22 Accordingly, this Court will not consolidate claims that, although naming MERS as
23 a defendant, allege conduct primarily related to loan origination and collection practices, or
24 otherwise stray from the common factual core of the MDL. Only causes of action that in
25

26 ² In the transfer order establishing this consolidated multidistrict litigation, the
27 Judicial Panel on Multidistrict Litigation stated, “IT IS FURTHER ORDERED that claims
28 unrelated to the formation and/or operation of the MERS system are simultaneously
remanded to their respective transferor courts.” Doc. #1.

1 essence turn on the formation or operation of MERS, no matter how framed, will be
2 consolidated.

3 MERS filed the required Motion to Remand Claims on May 10, 2010. Doc. #457.
4 Two responses were filed: Plaintiffs' counsel in Maguire (CV 09-730); Stejic (CV 10-51);
5 and Molina (CV 09-1836) filed a consolidated response (Doc. #518), and counsel for
6 Defendant Shelter Mortgage Co., LLC filed a response in Stejic (CV 10-51) (Doc. #513).
7 Plaintiff Maguire (CV 09-730) seeks to remand his entire case. Doc. #518. Plaintiff Stejic
8 (CV 10-51) disputes MERS position on one of his claims. *Id.* All Plaintiffs in Molina (CV
9 09-1836) do not dispute MERS' classification of their claims. *Id.* Defendant Shelter
10 Mortgage Co., LLC, disagrees with MERS' classification of all claims that relate to Shelter
11 in the Stejic (CV 10-51) case. Doc. #513.

12 **II. Claims on Which the Parties Do Not Agree**

13 **A. Maguire case (CV 09-730)**

14 Plaintiff Maguire argues that none of his case should be consolidated as part of the
15 MDL. Preliminarily, the Court agrees with MERS that Plaintiff should have raised this
16 argument in opposing the motion to transfer. However, this Court must consider whether it
17 has jurisdiction to hear this case, even if the issue was not raised at the ideal time.

18 Maguire is in a unique procedure posture because default has been entered against
19 Defendant MERS. At the time of transfer, MERS had moved to set aside entry of default and
20 Plaintiff had moved for entry of default judgment. Default judgment, if entered, is obviously
21 the conclusion of the case.

22 The transfer order in this case stated, "...assigned to the Honorable James A. Teilborg
23 for coordinated or consolidated pretrial proceedings with the action pending there..." Doc.
24 #1 at 3 (emphasis added). Entry of judgment is not a "pretrial" proceeding. Therefore, the
25 Court will not consolidate any of the Maguire case with the MDL because the procedural
26 posture of this case is beyond the scope of the MDL. If MERS prevails on having default
27 set aside, MERS may (within 10 days of answering or otherwise responding to the
28 Complaint) again move to consolidate this case with the MDL.

1 **B. *Stejic* case (CV 10-51)**

2 MERS argues that the following claims in Stejic should be consolidated with the
3 MDL: Second Claim for Breach of Contract, First Claim for Wrongful Foreclosure, Third
4 Claim for Breach of the Covenant of Good Faith and Fair Dealing, Fourth Claim for Fraud,
5 and Sixth Claim for Injunctive Relief (in part). MERS argues the following claims in Stejic
6 should be returned to the transferor court: Fifth Claim for Consumer Fraud Act violation and
7 Sixth Claim for Injunctive Relief (in part). Defendant Shelter Mortgage argues in addition
8 to the claims MERS argues should be returned to the transferor court, the following claims
9 should also be returned to the transferor court: Second Claim for Breach of Contract, Third
10 Claim for Breach of the Covenant of Good Faith and Fair Dealing, and Fourth Claim for
11 Fraud. Plaintiff Stejic argues that the Breach of Contract claim should be split into two parts,
12 one part of which would be in the MDL and the other of which is a free standing claim that
13 should go back to the transferor court.

14 MERS argues that each of these disputed claims implicates the operation or formation
15 of MERS. Specifically, the breach of contract claim alleges that Defendants in some
16 grouping attempted to hide the parties to the note and deed of trust. Doc. #581 at 6. The
17 fraud claim similarly alleges that the Defendants in some grouping falsely inserted the parties
18 on the loan documents. *Id.* at 7. The breach of the covenant of good faith and fair dealing
19 claim also includes allegations of some Defendants hiding the true parties to the loan. *Id.* at
20 8. The Court finds that these claims all involve the operation or formation of the MERS
21 system in a way that does not allow for bifurcation. Accordingly, the Court will not remand
22 any of these claims.

23 **C. *Rinehimer* case (CV 10-347)**

24 No party to the Rinehimer case disputed MERS' classification of the claims.
25 However, MERS noted that if this Court bifurcated the Maguire Fair Debt Collection
26 Practices Act claim, it should, for consistency, also bifurcate the Rinehimer Fair Debt
27 Collection Practices Act claim. Doc. #581 at n. 17. Because this Court has concluded that
28 the entire Maguire case should be remanded, this Court did not reach this issue in Maguire.

1 However, for purposes of overall consistency, the Court will consider the issue with respect
2 to the Rinehimer case.

3 In claim four, the Rinehimer Plaintiffs allege that Defendants Aurora and Cal-Western
4 Reconveyance Company violated the Fair Debt Collection Practices Act. Doc. # 1, at 20 in
5 CV 10-347. MERS argue that this claim was transferred to the MDL, even though it is not
6 against MERS, because it generally alleges that the Defendants have attempted to collect a
7 debt to which they are not legally entitled, thereby implicating the whole system of securing
8 and collecting the debt. Doc. #581 at 4. However, MERS concedes that two of the theories
9 within the Fair Debt Collection Practices Act claim (that Aurora sent false, deceptive and
10 misleading correspondence and coupons, and/or that Aurora misrepresented whether the
11 Rinehimers could modify their loan), could be bifurcated and proceed outside the MDL.

12 The Court finds that bifurcation of the Rinehimers' Fair Debt Collection Practices
13 claim in the manner proposed by MERS is appropriate. The specific factual allegations in
14 the complaint are the kind of fact specific inquiries that the panel suggested this Court should
15 avoid within this MDL. Doc. #1. Accordingly, this claim will be bifurcated.
