Bob,

In order to make Tuesday's meeting as efficient as possible, we would like to know which of our requests you do not believe to be authorized by Title VI and which of our requests were already provided, in their entirety, to the plaintiffs in the Melendres case. Of the 51 requests made in our First Request for Production, we believe that the Melendres plaintiffs' requests fully cover just 5 of our requests (6, 8, 12, 14, 29). We would like you to verify at our Tuesday meeting that you have provided all of the documents responsive to these 5 requests to the Melendres plaintiffs. The documents that you provided with your June 14, 2010 letter to FCS (formerly COR) appear fully to satisfy our requests 46 and 48. In addition to some questions that we still have about the completeness of your production to the Melendres plaintiffs, it is our belief that MCSO still needs to fully comply with the remaining 44 requests. We also intend to receive your agreement when we meet that the Division's attorneys, investigators, and consultants will be permitted to access MCSO's staff and facilities, which were identified on pages 3-4 of MCSO's June 14 letter (as well as the Self-Surrender facility). We look forward to discussing this with you further on Tuesday.

Please also email me about who will be attending with you so that we can get you all through security.

Judy
