## ORDER

1. The referral to Magistrate Judge Deere is withdrawn.

2. Lyons is abusing the judicial process. She is a three-striker. 28 U.S.C. § 1915(g); *see, e.g., Lyons v. McDonald*, 5:96-cv-369-GH; *Lyons v. Anderson*, 5:96-cv-463-SWW; *Lyons v. Thompson*, 5:96-cv-547-SMR. She's filed six new cases in the last seven weeks. *No 2 at 1* (listing cases). I've decided two of those cases, which were assigned at random to me. Nos. 5:14-cv-396-DPM and 1:14-cv-134-DPM. In this case, she seeks to combine all her current lawsuits into one. Her initial filing is seventy-four pages long and covers a variety of events involving many folks during the last nine years. She has filed the same paper as a motion to consolidate in the two cases I was handling and apparently in all her cases.

3. Lyons's motion to proceed *in forma pauperis*, *No 1*, is denied based on prior strikes and the lack of any new allegedly imminent danger. 28 U.S.C. § 1915(g).

4. Her proposed combined complaint fails on screening, in any event. It is not a short and plain statement of claims. It covers many unrelated things. It is simply not a manageable case. Moreover, two of her six lawsuits

have already been dismissed. She can't resuscitate them with this filing. And the other four cases are being handled in the normal course by other judges. Her combined complaint is therefore dismissed without prejudice.

So Ordered.
