DICKERSON, Medical Department Nurse

DEFENDANTS

ORDER

On *de novo* review, the Court adopts the recommendation, *No. 30*, as modified and overrules Chisem's objections, *No. 34*. FED. R. CIV. P. 72(b)(3). The modification: Chisem has now submitted a paper disputing portions of the Defendants' Statement of Facts. *Compare No. 34 with No. 30 at 5*. But Magistrate Judge Volpe's conclusion still holds. The record shows that jail personnel evaluated and treated Chisem several times during his stay at the Crittenden County Detention Center. And Chisem hasn't met proof with proof to show that the Defendants were nonetheless deliberately indifferent to his serious medical needs. *No. 30 at 5–6*. Defendants' motion for summary judgment, *No. 26*, is therefore granted. Chisem's claims against Childress and Dickerson for inadequate medical treatment will be dismissed with prejudice.

So Ordered.
