Re: Wyeth's April 14, 2009 Response (Doc. No. 2029).

Dear Ms. Littlepage:

Wyeth asserts that the Visiting Speakers Bureau Database reveals which physicians "delivered speeches in favor or hormone therapy" and that IMS data provides evidence of physicians' prescribing habits.

I believe this is accurate. Do you agree?

Please provide a short (no more than a page, but preferably a definitive, monosyllabic yes or no) response (your response should address only this question) to this inquiry by noon, Friday, April 17, 2009.

Cordially,

/s/ Wm. R. Wilson, Jr.
