Follow-up Question from Status Conference

Gentlemen:

After our hearing this morning during which you both addressed me on various issues, this is on my mind -- what is to be done with the non-PPO 9 cases?

More specifically, what about the non-Wyeth, non-Pfizer cases? What about the cases that involve injuries other than breast cancer?

I believe PPO-9 cases constitute 10% or less of all the MDL cases transferred to me.

I solicit suggestions from each of you by 5 p.m., Friday, December 4, 2009; and I will welcome suggestions from any counsel of record in these cases.

Cordially,

/s/ Wm. R. Wilson, Jr.
