ORDER

Joint report, *No. 93*, noted and appreciated. The Court agrees with this common sense proposal with one exception. The motion to supplement, *No. 90*, is denied without prejudice. The parties should revisit the supplementation issue, if need be, down the line. The Court looks forward to getting the upcoming report by 8 July 2016. The Court requests that all the parties keep in mind the age of this case and the need for resolution sooner rather than later.

So Ordered.
