ORDER

United States Magistrate Judge Jerome T. Kearney entered Proposed Findings and Recommendations in this case, *Document No. 54*, to which Coffey has not objected. Having reviewed the proposal for clear errors of fact on the face of the record, FED. R. CIV. P. 72(b) (advisory committee notes to 1983 addition), and for legal error, the Court adopts the proposal as its own.

Because Coffey's untimely grievances failed to exhaust his administrative remedies, as required by the Prison Litigation Reform Act, his complaint is dismissed without prejudice.

So Ordered.
