EXPLANATION OF EXEMPTIONS

FREEDOM OF INFORMATION ACT (5 USC 552):

- (b) (1) applies to information which is currently and properly classified pursuant to an Executive Order in the interest of national defense or foreign policy (See Executive Order 12958 and DoD Regulation 5200.1-R).
- (b) (2) applies to information which pertains solely to the internal rules and practices of the agency. This exemption permits withholding of a document which, if released, would allow circumvention of an agency rule, policy, or statute, thereby impeding the agency in the conduct of its mission.
- (b) (3) applies to information specifically exempted by a statute establishing particular criteria for withholding. The language of the statute must clearly state that the information will not be disclosed.
- (b) (4) applies to information such as trade secrets and commercial or financial information obtained from a company on a privileged or confidential basis which, if released, would result in competitive harm to the company; or would impair the government from obtaining like information in the future; or would affect overall program effectiveness.
- (b) (5) applies to inter- and intra-agency memoranda which are deliberative in nature; this exemption is appropriate for internal documents which are part of the decision making process, and contain subjective evaluations, opinions and recommendations; a document must be both deliberative and part of a decision making process to qualify for this exemption.

IMPORTANT NOTE TO REVIEWERS OF CLASSIFIED INFORMATION

Executive Order (EO) 12958, as amended, "Classified National Security Information," March 25, 2003, describes the system for classifying, safeguarding, and declassifying national security information. The amended order provides for classification of information up to 25 years under Tier I criteria and classification beyond 25 years under Tier II.

TIER I (information less than 25 years old)

Under **Section 1.4** of the Order, information shall not be considered for original classification as Confidential, Secret, or Top Secret unless it concerns (new criteria are in **bold**):

- (a) military plans, weapons systems, or operations;
- (b) foreign government information;
- (c) intelligence activities (including special activities), intelligence sources or methods, or cryptology;
- (d) foreign relations or foreign activities of the United States, including confidential sources;
- (e) scientific, technological, or economic matters relating to the national security, **which includes defense against transnational terrorism**;
- (f) United States Government programs for safeguarding nuclear materials or facilities;
- (g) vulnerabilities or capabilities of systems, installations, **infrastructures**, projects, plans or **protection services relating to the national security, which includes defense against transnational terrorism**; or
- (h) **weapons of mass destruction**.

TIER II (information more than 25 years old)

Information which is of permanent historical value and more than 25 years old must meet one of nine criteria as described in **Section 3.3(b)** of the Order to qualify for continued classification protection. The criteria in second tier are more narrowly defined than those found in the previous section. To be exempt from automatic declassification, the release of the information could be expected to:

- (1) reveal the identity of a confidential human source, or a human intelligence source, or reveal information about the application of an intelligence source or method;
- (2) reveal information that would assist in the development or use of weapons of mass destruction;
- (3) reveal information that would impair U. S. cryptologic systems or activities;
- (4) reveal information that would impair the application of state of the art technology within a U. S. weapon system;
- (5) reveal actual U. S. military war plans that remain in effect;
- (6) reveal information, including foreign government information, that would seriously and demonstrably impair relations between the United States and a foreign government, or seriously and demonstrably undermine ongoing diplomatic activities of the United States;
- (7) reveal information that would clearly and demonstrably impair the current ability of United States Government officials to protect the President, Vice President, and other protectees for whom protection services, in the interest of the national security, are authorized;
- (8) reveal information that would seriously and demonstrably impair current national security emergency preparedness plans or **reveal current vulnerabilities of systems, installations, infrastructures, or projects relating to the national security**; or
- (9) violate a statute, treaty, or international agreement.

Pat,

Attached is the statistical data for DRS 5012 (FOIA 04-F-1902). A separate worksheet has been provided in response to each question posed by Aaron Belkin. The three questions posed were:

- 1) Concerning the 15 people discharged in occupation code 241 Language Interrogation between 1998-2003, is it possible to determine the language specialties of these individuals? (For example, "one Russian, three Spanish, etc etc). Perhaps this information is included in variable 21 ("Primary Service Occupation Code") which I did not include in my original FOIA request?
- 2) Concerning the 73 persons discharged from 0605A Presidio of Monterey, same questions as #1 above: is it possible to determine the language specialties of these individuals?
- 3) Were any of the 15 individuals discharged in occupation code 241 Language Interrogation between 1998-2003 also based at the Presidio of Monterey?

These are questions

The FOIA No. 04-F-1902 is entered as the title of DRS 5012. Is this sufficient in referencing DRS 5012?

Can you enter in the comments that the FOIA # is 04-F-1902? We can't really return the answer until we get the hard copy because I need to send the answer back with the cost sheet. No rush on this.

Is that hard copy on it's way. What is the FOIA #? It would be good if you put that in the DRS request.

I have taken some form of a survey every year for the past ten years, never has the right questions been asked. I have decided to write you directly. I have sent this letter to members of the Congressional Defense Committee multiple times without a response over the past five years.

Our deployment policy is destroying the force that is tasked to fight terrorism and protect America and the globe. Using myself as an example, I have spent 13 months of the last 40 at home with my wife and four children. In SF, the person who makes the decision to deploy us have spent all but 18 months of their Special Forces career as a staff officer who spend most of his nights with his family. Even when they hold Company, Battalion or Group command their deployment schedule does not even come close to that of the members of an ODA. An NCO or Warrant Officer will spend up to 13 years or more on an ODA deploying at least half to two thirds of every year. While a command officer spends only 18 months on an ODA deploying with this OPTEMPO. Schools are not included in the days that count as days deployed. I guess wives and children feel differently when their husband or father is at a school and cannot be home? The mismanagement of our OPTEMPO is slowly destroying the "cutting edge". Our seasoned people are looking for jobs away from teams because we are forced to choose between our families that we never see and the job. This causes a break in continuity that does nothing but hinder our combat effectiveness. We have been lucky that we are better trained and equipped, however as time goes on our adversaries become better trained and equipped. This gap is closing fast and no one wants to address it!

We are now at a crossroads. Every Special Forces Group is to have three battalions consisting of three companies with six operational detachments per company. In reality we have only enough people to man five teams per company, now that stop loss has been lifted there has been over 400 retirement request to date and 5th SFG(A) has yet to weigh in. We are short a third of our force, or over one entire SF Group, this is going to become a problem in the time ahead of us. If we are to be the force to fight the threat that has been finally taken serious we do not have the manpower to do it correctly. We are not going to increase our numbers because there is no incentive for new, qualified, members to join. Almost half of our force is eligible for retirement in the next 18 months and most will leave. There is no one standing to replace the loss. Would you join a force that will keep you away from your family for at least half of every year for the rest of your career? Consider that the remainder of this career will be the next 13 to 15 years. Also consider that anyone else of equal rank in a job that does not require them to deploy at this OPTEMPO makes the same amount of money with none of the sacrifice on their part or the part of their family. The question is," would you choose to do this job with more time away from your family and no extra incentive? I am very interested in your answer. I have read a memorandum that request each company to "stand up" the sixth team. Where are these soldiers coming from? I can't find them. Please feel free to contact me on this issue!!!!!!!!!!!!!!

-----Proposed e-mail

Reference your questions in the August 3, 2004 e-mail:

1. You are correct in that the data did not reflect rank.
2. 1,493 of those dismissed were coded "Not Occupationally Qualified, General".
3. Nuclear power does not necessarily mean "nuclear power engineer".
4. CSSMM could have added the 15 Language Interrogation separations with the 73 separations from the Presidio for a total of 88 separations. We don't know. You will have to confirm with CSSMM.
5. We do not know the source of information used by the Tampa Tribune or Washington Times and are unable to make informed comparisons or comment.

Dear _____

Thank you for your helpful reply. I have taken a closer look at the three sets of columns and numbers you sent, and notice several disparities in these numbers and those quoted by the CSSMM in their latest "study."

For example, I notice that the numbers do not reflect rank, which is misleading on their part and less than supportive of CSSMM's claims. This is evident in #950 of the "Primary DoD Occupation Code" titles listed, which indicates that a total of 1,493 of the persons dismissed "for being gay" were "Not Occupationally Qualified, General." It is CMR's position that persons such as this should have been informed of the law excluding homosexuals from the military long before they signed induction papers and were sent to basic training.

I also notice that the category of "nuclear power" does not necessarily mean "nuclear power engineer." *(CSSMM claims that "90 nuclear power engineers" were dismissed.)

There are several more examples of unsupported exaggerations, but the most obvious disparity has to do with the number of "linguists" that the CSSMM claims were dismissed from the armed forces "for being gay." (Air Force Times, July 12, 2004)

I notice that the "Primary DoD Occupation Code" titles listed include #241, "Language Interrogation," an occupation from which a total of 15 persons were separated. And on the Duty Base Facility Identifier table, a total of 73 persons were separated from the Presidio of Monterey. CSSMM has apparently added these two numbers together in order to come up with the claim that "88 linguists" were discharged due to the "don't ask, don't tell" policy.

There are several things wrong with this claim, starting with the fact that neither table uses the word "linguists" to describe the persons dismissed. (A number of news reports indicated that 12 "linguists" had been dismissed from the Defense Language Institute at the Presidio, but they were actually language trainees, not linguists. The problem was that the trainees were allowed by the school's directors to take up the spaces that could have been used for the training of persons who were eligible, not ineligible, to serve. My request for an investigation of this waste of DLI resources has not been satisfactorily answered by Army officials.

In this case, the numbers attributed to the Presidio do not indicate the occupation of the persons involved. And even though there is probably an overlap, CSSMM has added the two together, apparently to inflate the numbers, mislead the public, and push their agenda even further.

I also notice that the numbers of chaplains dismissed for homosexual conduct is far lower than a major AP news report indicating that rates of dismissals among Navy chaplains (for homosexuality) are far higher than the rest of Navy (45 per 1,000 vs. 2 per 1,000 among regular officers over the past decade). (AP, Tampa Tribune and Washington Times, July 4, 2003)

Is there any way that you can explain why your list(s) fail to mention a portion of the more than 40 chaplains who were dismissed from the Navy alone over the past decade; i.e.,

those who were dismissed during the years in question ((1998-2003)?

If I am missing something on any of the above points, please let me know, on an "unattributed" basis if you prefer.

Thanks again for your help,

President

The answer to your 'or' question is YES. We pulled based on Separation Program Designator (SPD) Codes that cover three (3) broad strokes related to CONDUCT:

- a) Statement - individual has made statements declaring their sexual orientation.
- b) Acts - individual has engaged in or attempted to engage in a homosexual act or acts.
- c) Marriage - individual has married or attempted to marry a person known to be of the same biological sex.

A distribution of SPD was NOT done in the analysis provided.

Thank you for sending the data. I have several questions, but I want to study it some more.

In the meantime, I do have one question that I hope you can answer. The three databases are titled "Separations Due to Homosexual Conduct."

Does the word "conduct" mean that the persons dismissed were "caught in the act" of homosexual conduct, or does it mean that they said they were homosexual. As you know, the armed forces are entitled to assume from such a statement, absent unusual circumstances, that the person engages in the conduct that defines homosexuality.

Hope to hear from you soon,

President

Subject: RE: GAO Request for Service POC's

Dear DMDC Liaisons:

GAO is currently working on a review of the costs of the Department of Defense's homosexual conduct policy, under job code 350496. This review includes looking at the financial costs and talent loss under the policy. To gather information on the talent loss of those discharged under the policy, we have requested that DMDC provide a list of individuals discharged under the policy as well as several variables related to the experience, occupational specialities, education and training of those discharged. We received this data about two months ago and have since been analyzing the information. We had some questions as to some of the sources of the information and some of the process for inputting information into the services' databases from which DMDC receives the data. We have been in continued contact with [redacted], DMDC's active duty transaction file manager, to discuss some of the questions. However, she referred us to DMDC's service liaisons for some of the questions that she was unable to answer. We would appreciate your assistance in gaining a better understanding of the origin of some of the information. To do this, we would like to speak to each service liaisons about their individual processes and databases.

Please let me know if you have any additional questions regarding this job, and when you would be available to speak about it.

Thank you.
