David,

Thank you for offering to help provide IP addresses of the individuals harassing me and my company

I will forward documents to you regarding my case files

I am anxious to receive the IP addresses of the individuals who have been cyber-bullying and harassing. It's been ongoing over 4 years, and I am certain, once the IP's are turned over, I will be able to stop them, once and for all

In regards to the illegal publication of unauthorized photographs from my TNT MGMT business website that are currently on Rip Off Report. I believe legally the owner of RIP OFF REPORT is liable for content being published with consent. correct?

Tina

One of the links in your previous e-mail is below. I have not read this report.

This is one of the Rip Off Reports that the individual who authored is clearly in violation of publishing a photograph with out consent or permission. The person in this photograph is Jenifer Croat, a single mother, who works event promotionals and commercial talent assignments through TNT Management, for extra funds to provide for her family. I would like the IP of the person who posted this. This photograph needs to be taken down. Tina

WOW. Once you research this TNT Tina Norris woman and her business you are directed here! This is top shelf stuff!!! Why is this woman not in jail anyone???

I did a little digging myself and found these numbers listed for her business publicly.

818-859-9829

515-255-9073

515-265-8159

515-897-2029

This woman repeated gives on her own, different numbers throughout the internet. What exactly is she hiding from??? anyway, any right minded or person with half sense can see that shes shady.

This company and owner is a joke! Read just half of the stuff on RipOff about this company and you will be picking your jaw up off the floor! The other sign that not one of her rebuttals is true is her antagonizing way she speaks, I mean come on! Is there any reputable business out there that will get all "ghetto" on a person or persons filing a complaint, hell, half of every business in the US would be shut down if they operated like she

does. Again, why isnt this woman behind bars and banned from a computer or this industry for all honest purposes??? Geez! What a "whack job"!!!!!!!

Hope everyone, as it looks, is successful in shutting down yet another scam company. I for one am glad I never proceeded to try and get work from her.
