Iminsane Adultress registered multiple times for revenge is Liar Lewisville North Carolina

There is an individual who has written three reports on me using the names iminsane and seeknpeace. I believe this person to be Patti Shew. And I would like to shed light on her and restore my name. She had an opportunity

There is a report in the adultery section written regarding Patti Shew and the affair that she had with my spouse for 13 years while pretending to be my friend to which she could have written a rebuttal, but she could not rebut the truth. During the affair, I was diagnosed with breast cancer and lost both breasts. Never cried. Never whined. Had to close my business. Did so with grace. Had to wait until I was well enough to go to work, took 6 mos, but did so and trained for two exec. positions in one year with undiagnosed MS that was cognitive and had a very hard time. This all began in 2004.

Patti Shew began her affair with my husband in the back seat of cars, trucks and SUVs in 1995. She still came

to see me in the hosp in 2004 when I lost my breasts, she still hugged me at the Komen Breast Cancer walks, she sent me a Christmas card every year and until I could no longer ride my mtn bike we rode together. My undiagnosed MS made me unable to balance. She complained and whined about her spouse. She said he was mean to her, hard on her, treated her terrible, she was miserable, and blah blah blah, she insinuated he handled her. She turned her friends against him. He and I have discussed this at length. She knew that my spouse had an affair in 83 that almost killed me and that I loved him very much. She told me of another of her affairs. We talked. We were friends.

I discovered their affair May of 2008, and it devastated me like nothing in my life ever has. When I had to stop riding it left it wide open for them to meet, screw, then ride. They had been screwing prior to that, but this made it much easier.

I am not sure that I will ever get over it. I had an especially hard time at New Years, it is our anniversary. She was in love with my husband. She met him three times a week. She bought him a cell phone and paid for it so he could stay in contact with her. He never took her to eat, bought her a card, gift, nothing. She was just a roll in the back seat of a car before they rode their mtn bikes. That was it. She conformed to whatever he wanted.

She is jealous, mean, angry and pissed off that I have told her to her face that the worst part to me is that she is so ugly. That is the worst part to my grown daughters. She has used this forum as a place to try to say I look 70, wrong. I do not. She cannot hold a candle to me. She was just easy. My husband had a problem. He created a divide he had no idea how to get back over and he was so over her and could not find his way back. Trust me, I am fine with my looks.

So Patti, create all the bogus membership names you want to. He is home with his family where he belongs. Yes, I had to go into the hospital. You should be ashamed of that not throwing it around the internet. It is your fault. I needed help. You are a back stabbing pig. He is here with me, and he does not need viagra with me honey, like he did with you. Ok?

Your silly attempts at revenge are just that, silly, except for the fact that you have made some serious allegations that are NOT true. I have Never been committed to any place in my life. I went for help this summer. My heart was totally broken into bits. totally. Remember, you are one of 6. So, you only make yourself look badly.

I have never cried or whined about any illness, ask my family. This is what took me down. You and my spouse. I reached a point that I was having a hard time functioning, but you are what took me down. You are a heartless person. I feel badly for your husband. It is only a matter of time. And, I want you to remember one thing. I know things that you have said and done regarding him and I am just about ready to let it go. He is the only reason I am not. You better watch how you step. And, what you say. There is a difference between the truth, an opinion and defamation of character. You crossed a line.

It is easily proven you are all these characters. Saying you live in VA or anywhere else changes nothing. My daughters will be writing rebuttals to support me as well so that will support what I am saying, OK?

Remember when he told you I was intelligent? I am.

I lost it with you right before New years. That was the worst day of my life since I discovered you were the worst person I have ever known outside my husband. But, I am good, I am strong. And one thing about it is that I did not hurt anyone. I did not grunt in the back of cars for my own pleasure and hurt other innocent people and not care and you have to live with that the rest of your life. And if you are not bothered by it now, which it appears you are not, you will be. It may be when you get breast cancer or MS, or some other dread disease and you know who will pop in you mind first? Me.

I want to know why you are first of all, NOT posting the rebuttals to the revenge reports that are blatant lies against me by Millie Plemmons, and secondly, why you moved one under the ROR I posted on Millie Plemmons for having an affair with my spouse, and one under the ROR posted on Patti Shew who also had an affair with my spouse? These two reports filed by me are legit reports, actually happened and are not refutable. However, the three reports that are not reports but slanderous rants against my sanity, character and etc, owing nothing to the site, providing no benefit to the site, whose only purpose are to embarrass me and are lies, are being left as is. You have not responded, have not posted rebuttals by myself, my daughters, who she has slandered, nor any other of my family or friends. You are leaving my reputation out there without allowing any rebuttal and I am incensed, as this is the third or fourth time I have inquired about this. What are you planning to do? What in the hell is this site for other than to cause problems for individuals? If you want to enlighten ppl regarding other ppl's bad acts, adultery, and companies who rip ppl off, get to work at that and stop the BS which is getting dangerous. You need to have some guidelines set somewhere. This is not a matter of free speech. I could put something terribly dangerous on here that is a lie and you are responsible whether you like it or not if you do not set some limits. The reports on me, Jan Martin Smith, Jan M. Smith, speak for themselves. They are written by a person for revenge and someone who is not balanced, why would that be ok? And why would you not allow rebuttals to that crap?

I have done this over and over and you will not post them. You will not post updates, anything. You are not posting my familys rebuttals to the other reports that she posted, anythng. You are allowing her to post false reports and not allowing the rebuttals from my family and friends to post. Not from me, but from my damn family and friends. The one that you are citing below IS from me. I am using the update process for me, I did do it incorrectly at first, but changed it. You are not posting the changes. However, from jump, my family and friends posted their rebuttals to all three of the false reports that were put on the site regarding me by seeknpeace and iminsane. You only posted their rebuttals to one of the seeknpeace reports. Then you moved one of the reports, the one that you allowed the rebuttals to be posted to, to be attached to my report that I put on the site about Millie Plemmons and Patti Shew. I am in the dark regarding that. Who in the Eff wrote the false reports on me? Millie or Patti? When you attached the report on me to Millie first, it indicated to all that Millie must be the author. I do think that she is because I know her, she is immature, and a troubled woman. She only had a one time hotel room sexual event with my spouse but, she has done this with several men and when this all came to light in May of 08, all the other men were discovered. I knew of them and I told her husband. She had a big ax to grind. Patti shew, on the other hand, while she was supposed to be my friend, had a 13 year affair with my wonder spouse behind my back but she fell in love with him. Poor woman. However, she is remorseful, while Mille won't even own hers. So, with all said and done, the style, all of it points to Millie. I just want the lie about me off the site, you cannot possibly read it and believe that it is true, and if you refuse to remove it, then post the rebuttals that ppl are trying to give you to all three. I posted my own rebuttals countless times to the other two and you have not and will not post them. This is on the reports posted about me, I am the individual and you are not posting them. On the other two, only on the one. If you are going to honor a rant, and you will give place to this report that reads like it is from the mind of a unstable 16 year old, then you are honor bound to post my rebuttal to her report about me. I am livid about that. I am not referring to what you are listing below. What do I need to do to get this point across? People are not millionaires and cannot afford \$5000 retainers to make you clean up this mess. Maybe the ACLU would help. I do not know or the legal clinic, but this has to be either fixed, removed or my rebuttal and my family and friends rebuttals allowed to be posted. You are allowing a defamation, you are, when you do it this way. This puts YOU at jeopardy. You are not being an impartial site allowing freedom of speech if you do not allow all speech. And that is what you are doing at this point. Not allowing all sides of this situation to be heard. I am already in cancer remission, have MS and this is enough.

Millie Plemmons, Millie A Plemmons Wrote 3 Defamation RORs for her adultery ROR with my spouse....Jan Smith Bermunda Run North Carolina

After I posted an adultery ROR regarding Millie and my spouse, she posted 3 defamation RORs, all lies, on me for revenge. One has been added to her name by ROR. They are serious allegations that I expect to have her rescind and an apology posted. My ROR regarding her adultery with my spouse is factual, and true. Millie went to high school with me, worked with me and still chose to stab me in the back, and my spouse is not blameless in this before anyone jumps on me about him. He has owned all of his responsibility and blame in this entire event, unlike Millie who has continued to try to lie her way out of the sex, the posts, etc., until ROR moved one of them to her adultery ror. Shame on her, this is disgusting, shows her lack of morals, concern for others, etc. She committed the crime, not me. SHe would have it switched out that she had been hurt by the report. She committed the adultery, not me. As did my spouse. And she has not shown any remorse, as the defamation ror's have shown. Millie, you can post the truth, an opinion, but not a lie. You posted lies.
