BLUERIDGE SUPER JUMBO STYLE GUITAR

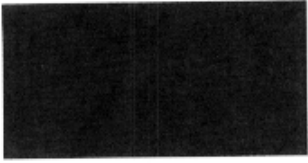

Item Number: BG-2500

Blueridge re-interprets a classic guitar shape in their new, deluxe super-jumbo flattop model, the BG-2500! With its super-jumbo outline and the finest materials available used for its construction, this guitar stands out from the crowd! The premium rosewood fingerboard and the black peghead overlay both feature stunning, Art-Deco inlays in white mother-of-pearl, the fancifully-shaped bridge and specially-designed plastic tortoise pickguard all give this guitar an air of 1930's distinction. It looks expensive, but is actually quite affordable in comparison to similar guitars from boutique makers. We urge you to go to your Blueridge dealer and see our new flagship model—we think you'll be impressed!

- AAAA grade, highly flamed maple back, sides and neck
- Choice solid spruce top
- Unique Saga x-bracing designed to be strong and lightweight for best tone and increased volume
