DREAMS DO COME TRUE
by Della Fleetwood

Where would this great sport be without the 'dreamers'? Lucky for us, some 35 years ago, a dedicated group of **Southern California Darts Association (SCDA)** pioneers included as a major objective in their by-laws, the promotion of competitive darts. During the decade that followed, the club experienced the normal growth pains associated with the establishment of league darts, all the while 'dreaming' of the day when darts would be played for money. "Where would the money come from?" "What kind of set-ups would be needed?" "Would anyone come to play?" These questions and hundreds more were answered early in 1970, with the announcement of the 1st **North American Open Dart Tournament (NAODT)**, offering just over \$2,000 in prize money.

The 'skeptics' were overruled when the **SCDA** membership voted to raise their annual dues to help finance the tourney. Volunteers spent hundreds of hours planning the event, building nine two-sided set-ups, making phone calls, mailing publicity, etc., never once admitting to any doubts as to the ultimate success of their venture!

The word spread --- all the way to Philadelphia, the home of the American 'Woody' dart game.

The **SCDA** patiently explained the English game to our new-found East Coast friends. They were provided with a board and the necessary supplies and information with which to learn the game.....plus an invitation to participate in the first annual **NAODT**.

The month of August was chosen, hoping that it might attract some vacationing dartists to 'sunny California'. It did just that --- when 250 darts enthusiasts from 4 States (California, Oregon, Pennsylvania & New Jersey) converged on the *Culver City Veteran's Auditorium* to play darts and 'win money'! **SCDA** members welcomed these players into their homes and hearts, and the royal carpet was laid for the "Philly Five".....who gratefully accepted the hospitality PLUS the championship money in the Team Event.....and continued to support the **NAODT** for many years.

The first **NAODT** featured four events and lasted two whole days! When the bills were paid, the books showed a slight deficit. However, memories of fun and fellowship and sponsorship support from Wisdom Imports (*Watneys* beer), Sunny Distributors (*Schlitz* beer) and *Sportcraft / Unicorn* encouraged the **SCDA** Board to begin planning the 2nd annual \$4,000 event.

Participation doubled over the next three years and, with the continued faithful support of our Canadian friends, the event truly became a North American Open. The tournament soon outgrew its Culver City home and the **SCDA** launched a search for a larger, more attractive site. Their efforts met with success, and the first \$10,000 darts tournament in North America took place at the *Disneyland Convention Center* in 1974. 'Mickey Mouse' and 'Money' proved to be a 'Magic' combination, attracting the first of many faithful British participants.

Two short years later, in commemoration of America's bicentennial, organizers chose to move the 'olde English game' into a more familiar environment.....an 'old English' ship, the *Queen Mary*. Fifty dartboards and \$28,000 in prize money greeted over 1100 players from seven countries, many of whom danced the night away in the Flamenco Room. A Mixed Doubles event had been added in 1975, and the **NAODT** was now a three-day event.

The growth in prize money and participation continued. By 1979, the 70-board tournament filled all four ballrooms aboard the ship and over 1500 entrants booked the *Queen Mary* and many nearby hotels, to capacity.

Once again, a search was launched for a larger site. The new facility must include sufficient hotel rooms, space for more dartboards and, above all, a comfortable environment to help ease the stress, strain and endurance problems to be encountered by the anticipated 2,000 participants. Last, but not least, the financial requirements must not be excessive, in order to maintain what had now become a \$40,000 prize purse. Once again, it was said that we were 'dreaming'!

The search ended at the *Hotel Sahara*, in Las Vegas. Not only did the site meet our requirements, it also attracted additional players and sponsorship money. Best of all, for those in need of extra excitement, there was 24-hour entertainment.

Changes continued to be made. Prize money reached \$50,000 in 1981, thanks to sponsorship assistance from the **Adolph Coors Co.** In 1983, a Ladies' Doubles event was added to the schedule. The same year, the SCDA contracted with **Triple Crown Productions**, to make the **NAODT** the first jewel in the "Triple Crown of Darts. The Team Event was played for the last time in 1984 and was replaced by Open and a Ladies' Cricket Doubles events in 1985.

Old Capital Popcorn sponsored the 1987 tournament and players sampled their product throughout the weekend. Beginning in 1988, **Nodor Dartboard Company** was the **NAODT's** title Sponsor for five years. A Blind Draw Doubles event was added in 1993 and the following year, the Mixed Doubles became Mixed Triples. Men's and Ladies' Cricket Singles events were first played in 1998 and for the first time since 1975, the tournament no longer included a Mixed event.

After sixteen years (1980 thru 1995) at the *Sahara*, the hotel was sold and their ballroom facilities were no longer available for our use. The **NAODT** was destined to remain in Las Vegas. Moving first to the *Tropicana Hotel* in 1996, we settled in at the *Aladdin*, the following year. Three months later, the impending demise of that hotel became apparent. Following an intense search, the 1998 **NAODT** was moved to it's current home, the **Riviera Hotel & Casino**.

The same year, **Accudart** and **Winmau** were welcomed as title sponsors of the tournament. Their continued involvement will help assure the future of this great event.

Since 1980, L. David Irete of *Triple Twenty Productions* has filmed every **NAODT** staged Final. Thanks to his continued interest and considerable personal investment of time and money, video tapes of our tournament have been viewed in many parts of the world for the past two decades.

None of this would have been possible, had it not been for the 'dreamers'.....the financial generosity of corporate sponsors and private investors.....the countless volunteers..... and the faithful participation and support of thousands of darters throughout the U.S. and the darting world. You will help us to write the next chapter of **NAODT** history. With your loyal support, 'dreams' can and will continue to come true for the **Accudart / Winmau North American Open Dart Tournament!**

Southern California Darts Association, Inc. Returns From The Dead After 34-Years

GLENDALE, CALIF. August 29, 2011 — Southern California Darts Association, Inc. (“SCDA”), a California corporation, is returning from the dead, after becoming a “defunct corporation” 34-years ago. SCDA will be operating in Southern California, predominantly in Los Angeles and Orange County. League signups will commence in November 2011 and the first matches will be held in January 2012. Southern California Darts Association was organized in the early 60s and incorporated on October 19, 1966. By all accounts, the association operated as a lawful California corporation until March 1, 1977, when it was suspended by the California Franchise Tax Board. Since the first day of March in ’77, SCDA operated illegally throughout many local pubs in the Los Angeles area until the association was resurrected and brought back to legal standing on January 3, 2011, by Dino M. Zaffina, the corporation’s President and CEO.

The “defunct” Southern California Darts Association, Inc. of old operated under the guise of being a nonprofit organization. Based on all relevant public records the old SCDA never established 501(c)(3) status with the Internal Revenue Service. The revived SCDA is now a legal and “for profit” corporation owned and operated by the corporation’s shareholders.

Based on the new and legal Southern California Darts Association, Inc., the “illegal” SCDA will no longer be operating anywhere in the United States of America. And, the men who claim to be board members of SCDA are devoid of any power over SCDA business affairs, since none of them are board members or officers of the legal SCDA.

Southern California Darts Association, Inc. will be providing dart enthusiasts with the most exciting dart leagues and tournaments ever promoted. During league matches and tournaments, the top shooters will stand to win money and prizes for their achievements. All business establishments who provide a venue for SCDA shooters, will be given the first ever opportunity to profit from league dart matches and tournaments.

“Shoot well!”

GLENDALE, CALIF. September 3, 2011 — Southern California Darts Association, Inc., a California corporation, also doing business as SCDA, So Cal Darts Association, So Cal Darts, and SCDA Products, is a legal and “*for profit*” corporation owned and operated by the corporation’s shareholders. Southern California Darts Association, Inc. and its subsidiaries have provided business establishments with a safe harbor, so that they can safely avoid violating the rights of these entities.

Southern California Darts Association, Inc. and its subsidiaries are distinct from the “*old*” association that has been conducting business “*illegally*” in the greater Los Angeles area, over the past 34-years. Moreover, that Mr. Irete does not have any authority to conduct business on behalf of any of the aforementioned entities, and his wife, Allison M. Irete does not have any control over the aforementioned entities’ finances.

L. David Irete; Patrick M. Michaels; Allison M. Irete; Varand Abnoos; Todd M. Zebert; Ronald W. Tuttle; Levon A. Goganian; Harvey M. Fischer; Barry J. Houghton; and Does 1 thru 500.

Any association with Mr. Irete or the other defendants listed above while conducting business that conflicts with Southern California Darts Association, Inc.’s and its subsidiaries’ interests may be held liable for damages to the aforesaid entities. Liability not only extends to businesses, but to all individuals who, while playing darts, falsely represent an affiliation with the aforementioned business entities.

Mr. Irete, et al. are placing each and every business and player in jeopardy of becoming a defendant in the aforementioned lawsuit. It is established that Mr. Irete and a group of dart players are scheduled to conduct league play at various establishments during the period of September 12, 2011, thru December 19, 2011. This league play is falsely representing that the darts matches scheduled are sanctioned by Southern California Darts Association, Inc. or its subsidiaries. They are not.

SOUTHERN CALIFORNIA DARTS ASSOCIATION, INC. PREVAILS

GLENDALE, CALIF. January 20, 2012 — Southern California Darts Association, Inc. (“SCDA”) and Dino M. Zaffina (“Zaffina”) the corporation’s President and CEO prevailed against William F. Lynch’s (“Lynch”) Cross-Complaint brought in conjunction with his status as a defendant in the matter of Southern California Darts Association, Inc. v. L. David Irete, et al., Case No. LASC EC056642.

Lynch filed the Cross-Complaint on October 26, 2011, just one month after he was personally served with the complaint for the above-entitled case. Almost immediately, SCDA filed an Anti-SLAPP Motion (SLAPP refers to Strategic Litigation Against Public Participation) to the Cross-Complaint and Zaffina filed a Demurrer. It was SCDA and Zaffina’s contention that the Cross-Complaint was a SLAPP Suit (i.e., brought to “chill” SCDA’s Complaint). The motion to strike and demurrer were scheduled to be heard on December 16, 2011.

On December 15, 2011, the Court published on the Court’s website on the Internet an extremely detailed 5-page tentative ruling that eloquently and copiously set forth the law and the Court’s rationale for its tentative decision to rule in favor of SCDA and Zaffina. The Court’s tentative ruling left no question that the Court devoted a great number of hours in the review of all the documents prepared by Lynch’s counsel and the moving papers prepared by SCDA’s counsel, Robert E. Racine (“Racine”) for the motion to strike and Zaffina for his demurrer.

The Court’s tentative ruling granted SCDA’s motion to strike Lynch’s Cross-Complaint under CCP § 425.16 and **ORDERED** Lynch to pay attorney’s fees to SCDA under CCP § 425.16(c) in the amount of **\$4,500.00** within thirty days. Also, the Court determined that in light of the intention to grant the motion to strike Lynch’s Cross-Complaint, the Court took Zaffina’s demurrer off calendar as moot.

When the matter was heard by the Court on December 16, 2011, the Court provided a generous amount of time for oral arguments. Based on the tentative ruling, Lynch’s counsel diligently and zealously tried to change the Court’s mind, but because nothing new was introduced, the attempt was futile. At the same hearing, Racine provided the Court with documented evidence as to why his hourly rate should be \$600.00 per hour instead of \$300.00. Based on Racine’s request, the Court took the matter under submission.

On January 9, 2012, the Court ruled on SCDA's motion to strike stating in a 14-page Minute Order (*See Attached "Order"*) that "*The Court's tentative ruling as published on December 16, 2011, to stand.*"

Although Racine is paid an hourly rate of \$600.00 per hour and would most likely receive this amount from the defendants for other motions and for attorney's fees after the conclusion of the trial, nevertheless, based on CCP § 425.16(c), the Court determined that the amount must be a "reasonable billable rate in this community" for an Anti-SLAPP motion (i.e., an amount that is "average" to all lawyers). Therefore, the Court ruled that the attorney's fees owed to SCDA are \$4,500.00 instead of \$9,000.00.

Based on the dismissed Cross-Complaint, William F. Lynch must pay SCDA **\$4,500.00 within 30-days of January 9, 2012**, and must pay **Zaffina \$435.00 for costs**, for a TOTAL of **\$4,935.00**.

INSIGHTFUL AND THOUGHTFUL QUERIES POSED TO SCDA

GLENDALE, CALIF. February 6, 2012 — Southern California Darts Association, Inc.'s President and CEO, Dino M. Zaffina received an e-mail which posed insightful and thoughtful queries. The e-mail was sent by Mr. Steve Millman on Sunday, February 5, 2012, at 5:08 a.m.

“Dino,

I read the story about how you took down this well established darting organization, because of a misspelling of your name. Is this true or was there more?

I look [sic] at the website you are constructing and it appears that a lot of thought and appreciation of darting went into it.

Many of our darters wonder what would motivate someone to destroy something enjoyed by many and I am wondering whether your motivation was to Build [sic] and improve, rather than destroy.

Thanks,

Steve Millman”

E-mail reply sent: Sunday, February 5, 2012, at 8:56 p.m.

Dear Mr. Millman:

I am in receipt of your e-mail dated February 5, 2012, at 5:08 a.m. sent to Southern California Darts Association, Inc. (“SCDA”). You pose insightful and thoughtful queries that I felt you deserve a response now, instead of waiting until our offices open on Monday.

Your first query is a compound question because you ask, “*Is this true or was there more?*” based on a general statement with many elements. I will provide you with all the same relevant

facts that were provided to Chris Vogel, journalist for the *LA Weekly*, but that were distorted and/or not used at all. For starters, however, **ALL my decisions were professional not personal.**

Clearly, Chris Vogel and the *LA Weekly* had an agenda (other than public concern) by writing this story, especially with the angle they used and making it a cover story. Nevertheless, they chose to publish their story. Sadly, notwithstanding the excellent talents of the aforementioned scribe, **the premise of the story is false** and most of the comments made therein by angry defendants are false, as well.

First, the title of the story is false. The title suggests, without providing one scintilla of evidence in the contents of the article, that I am angry. And, that somehow I brought down Southern California Darts Association (i.e., March 1, 1977, defunct corporation).

I was not angry and still am not angry at this unincorporated association (“UA”) of dart players who continue to damage the reputation of the legal SCDA and its subsidiaries that I have a fiduciary duty to protect. Moreover, I did not bring down any organization. The leadership in 1977 and subsequent leaders of the UA for the past 34-years brought the association to its knees when the individuals with power failed to honor their “*duty of loyalty*” and “*duty of care*” to the association by failing to follow all of the laws prescribed by the federal, state, and local governments.

People should be asking Curtis N. Pierpont, Harvey M. Fischer, and Lewis D. Irete (a.k.a. L. David Irete), why “they” **breached their fiduciary duty to the association of dart players.** “*That night at the Robin Hood, Irete, Harvey Fischer, Milan Sabata and Curtis Pierpoint ... all talked briefly about Zaffina's latest news. They, along with other players, decided there was nothing they could do about it right away, so they carried on with the planned administrative matters and league elections.*” [LA Weekly Article—February 3-9, 2012, Vol. 34, No. II, laweekly.com]. How foolish could leaders of an association be? Of course, there were many options at their disposal, including, but not limited to, (a) **contacting SCDA to inquire as to the contents of the Press Release**, (b) **check the status of the UA on the California Secretary of State website**, and (c) **procure legal advice; call a lawyer immediately, so that the members would be protected.** By their own words quoted in the article, “*Fischer says, ‘I kinda took it lightly.’*” [LA Weekly Article, *Ibid.*]. That is terrible to do to people who appoint you to a position to protect their interest.

The same group of failed leaders were in possession of this knowledge just over one-year earlier (i.e., August 24, 2010) when I provided them with the information that they were an “*illegal*” association, and that they, were breaking federal, state, and local laws (including, but not limited to, the *California Revenue and Tax Code* § 19719(a)¹ and *Internal Revenue Code* § 501(c)(3)), and that they could jeopardize members of their association and the businesses that sponsored their dart play. Their admission to how they reacted to this news was reported in the article, “*Again, the unincorporated SCDA members largely ignored the message. ‘In our minds,’*”

¹ *Cal. Revenue and Tax Code* § 19719(a) “*Any person who attempts or purports to exercise the powers, rights, and privileges of a corporation that has been suspended pursuant to Section 23301 or who transacts or attempts to transact intrastate business in this state on behalf of a foreign corporation, the rights and privileges of which have been forfeited pursuant to the section, is punishable by a fine of not less than two hundred fifty dollars (\$250) and not exceeding one thousand dollars (\$1,000), or by imprisonment not exceeding one year, or both fine and imprisonment.*”

Pierpoint says, ... 'We had been unincorporated for more than 30 years and were going along just fine as a club, and so when his letter came along, we didn't think much about it.' [LA Weekly Article, *Ibid.*]

Who brought down the association? By Curtis N. Pierpont's own admission, "*We had been unincorporated for more than 30 years and were going along just fine as a club, and so when his letter came along, we didn't think much about it.*" [LA Weekly Article, *Ibid.*]. The people that should be angry are the members of the association and the businesses that were betrayed by Curtis N. Pierpont and others who breached their fiduciary duty.

The betrayed members and businesses, should ask Curtis N. Pierpont, "*Do you think that it is right to break laws (whether federal, state, or local)?*" Curtis N. Pierpont's admissions are at minimum, an admission of negligence. Curtis N. Pierpont and other leaders' nonfeasance is what brought down the UA and their continued nonfeasance (as admitted above) is a contributing factor to why many individuals and businesses have been sued in the lawsuit entitled Southern California Darts Association, Inc. v. L. David Irete, et al. LASC Case No. EC056642.

Curtis N. Pierpont continues to explain how he and other individuals brought down the UA, "*None of the darts [sic] players can recall why the SCDA decided in 1977 not to renew its corporate status. Pierpoint remembers that the issue came up a couple of times during the 1990s but was always voted down.*" [LA Weekly Article, *Ibid.*]. How could any intelligent person allow an association to continue for at minimum of the past 20-years, knowing that the association was lying to dart players, sponsors, and vendors by falsely representing that the organization was a "*corporation*" AND a "*non-profit corporation*" at that?

Curtis N. Pierpont continues, "*We didn't see any real need in it,' he says. 'Yes, we probably should have filed taxes, but because we're mostly blue-collar knuckleheads who just want to drink beer and throw darts and have fun, we operate more like an informal club. It was ignorant bliss until Dino came along.'*" [LA Weekly Article, *Ibid.*]. "*Yes, we probably should have filed taxes...*" Do you think? Curtis N. Pierpont admits misfeasance by deliberately evading federal, state, and local tax liabilities on behalf of the UA. Does this self-described "knucklehead" realize how much civil and criminal penalties could be brought against ALL the past members of the UA for tax evasion? Not to mention, all the individual members and businesses who claimed their yearly membership and/or sponsor fees as a "*charity*" on their tax returns.

Curtis N. Pierpont continues to explain how he and other individuals brought down the UA, "*[A]ccording to Pierpoint, (membership) swelled to nearly 5,000 members during the 1980s. The association sold merchandise, hosted two international tournaments and raked in nearly \$100,000 a year.*" [LA Weekly Article, *Ibid.*]. Mr. Pierpont, since the UA was not a legal corporation during the '80s and the UA was not a 501(c)(3), where did all the federal, state, and local tax money go? Moreover, where did all the sales and use tax money go that was to be paid to the California State Board of Equalization? Who brought down the association?

The anger is palpable, but it is not from me. It is fuming from the individuals and businesses that have been betrayed by Curtis N. Pierpont, Harvey M. Fischer, L. David Irete, Milan F. Sabata, and Patrick M. Montoya (a.k.a., Patrick Michaels), to name a few of the individuals who obviously breached their duty to the members of the UA, the sponsors, vendors, and the public.

The defendants in the above-entitled action, should be asking themselves, “*Why did these guys get us into this much trouble?*”

Second, you claim that my actions are somehow related to Harvey M. Fischer’s deliberate misspelling of my name. **This is false.** Notwithstanding my assertion that my business decision to incorporate SCDA had absolutely nothing to do with my name, common sense and logic dictates that Chris Vogel and the prattlers in the article are spewing falsehoods regarding my name. Clearly, they are attempting to mask their own wrongdoing.

People should ask themselves, “*If Dino M. Zaffina was so angry regarding his name being misspelled, why would he provide all the leaders and members of the UA with the knowledge that they were in violation of civil and criminal laws?*” Moreover, “*If Dino M. Zaffina wanted to bring down the UA, as alleged, why would he have waited over four-months to incorporate SCDA?*” Common sense and logic dictates that I would have acted on the incorporation process of the SCDA immediately and stealthy. If I truly wanted to shut these individuals down, I could have done so in 2010. However, **that was not my intent.**

Third, you make the statement, “*What would motivate someone to destroy something enjoyed by many.*” This statement, with all due respect, is false. There is zero evidence that I have destroyed anything. The aforementioned facts and evidence (e.g., admissions of liability by the aforementioned individuals) clearly establishes who destroyed the UA. The facts are recapitulated below.

FACT: The leaders of the UA admitted to knowing for a minimum of three decades that the association was operating illegally and that they evaded paying taxes.

FACT: The leaders and members of the UA were provided notice and ample time to reincorporate SCDA and to establish a 501(c)(3) with the federal government if they wanted to be a legal “nonprofit organization.”

FACT: When the aforementioned leaders and members of the UA failed to establish the association as a legal entity, I decided, on behalf of SCDA, to acquire the corporate name, trade name, and service name of SCDA; in addition to other subsidiaries.

FACT: When the aforementioned leaders and members of the UA and sponsors failed to cease and desist their illegal activity after being warned numerous times over a one-month period, after the initial notice on August 29, 2011, I acted on behalf of SCDA, according to my fiduciary duty to the corporation and its shareholders, by bringing a legal action against all the tortfeasors.

FACT: I have not destroyed anything. In actuality, I have saved the good name of Southern California Darts Association, Inc. and its acronym SCDA from the destruction caused by Curtis N. Pierpont, Harvey M. Fischer, L. David Irete, Milan F. Sabata, Patrick Michaels, and others.

Fourth, you asked if my “*motivation was to build and improve, rather than destroy.*” As a huge dart enthusiast since 2000, who during the years 2009 and 2010 played darts every night of those years at many different pubs from the San Fernando Valley, to the Westside, to the South Bay, and in Orange County, I think that my admiration for the game speaks for itself.

Prior to Harvey M. Fischer's **failed attempt** to force me out of the UA, I had discussed on many occasions ways that the association could be a "great" association. Unlike, L. David Irete, who is just a talker and not a doer; who has been claiming to be a promoter of darts since the 1970s, I actually act. As people know, I am a man of my word. If I say I will do something, you can count on it.

During my time playing in the UA, all I heard was disdain for Harvey M. Fischer. People could not stand him, his personality, the amateurish website that was the store front for the association, and his lack of competence with the teams' scores. Curtis N. Pierpont was not respected much more. Even his own teammates talked about how terrible he was as a President because he was a procrastinator. Look at his quotes above. He, like L. David Irete, talk a good story, but never get anything done. L. David Irete let it be known that he wanted to become President of the UA, but since the members just laughed at him because people say he is a joke, the chances that the UA would be a properly run business with L. David Irete at the helm was zero to nil. Proof is in how his failed leadership caused at minimum 85 defendants to be sued. A "**good leader**" **would never have let an issue rise to the level of litigation.**

Since most of the UA's members were wandering around aimlessly shooting dart matches, but unhappy with the way the association was being run, I assured many people in the association in all the pubs that I played at, that I would do whatever I could within my power and business skills to bring a level of professionalism to the association.

My goal regarding darts, since first acquiring a seat on the board of directors for the Pacific Darts Association ("PDA"), was to bring the game of darts out of the dark, noisy, and in some places, smoky pubs to the mainstream. Because of my decades of experience in the Motion Picture and Television Industry, I provided ideas on how cameras could be used to expose the excitement of darts in pubs and in peoples' homes.

Unfortunately, when one of my teammates, on a team that I sponsored, was **threatened to death**, during a match, by an ex-Marine on an opposing team, and Doug Tice, Richard Lawrence, Kim Bird, and other board members of the PDA refused to protect my player and other members of the PDA by reprimanding this assailant, I decided to act prudently and I immediately tendered my resignation from the board and pulled my sponsorship and team from the PDA.

Interestingly, Mr. Vogel failed to provide any evidence, including, but not limited to, alleged letters of threats of lawsuits by me against the PDA to support his accusations in the article; he decided to tell the story differently. Fortunately, I saved every document that supports the truth of what actually occurred. Lawsuits were mentioned, but for the protection of the board of directors and the members of the association if this harmed anyone after the board, with the exception of me, ratified his criminal behavior. We all would have been sued.

Once I settled in with the UA, I offered many of the same suggestions and many new ones that I developed over the years. I informed many of the players on how we could bring a lot of money to the game and to the pubs, and how the money would bring excellent players to the association. Moreover, I offered ways that we could get nondart players in the pubs interested in being a devoted spectator and eventually a player.

I organized a system to acquire numerous sponsors, so that the winners of league matches and tournaments would receive more than a plaque or a mug. In addition, I conducted some polling to ascertain the interest of youths regarding the game of darts and it was overwhelmingly positive. I expressed an interest in the UA expanding the dart experience to teenagers and young adults, so that they would be groomed as dart players that would play in the UA once they reached 21.

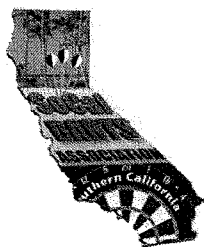

I reached out to many of the good dart players in the UA to act as instructors for these young dart players and to act as mentors for teams that wanted to play in the UA, but hated being trampled on by the same group of players that are good and have been playing together for years.

Once the above-entitled lawsuit is over and the troublemakers are ordered by the Court to cease their unlawful behavior, SCDA will be able to commence operating in a way that the dart world has never seen before. SCDA will build a dart association that Southern California will be proud to host.

Mr. Millman, thank you for taking the time to write to me in regards to your concerns. I appreciate this opportunity to answer your queries. *Shoot well!*

Very truly yours,

Dino M. Zaffina, President and CEO
Southern California Darts Association, Inc.

UNINCORPORATED ASSOCIATION ADMITS TO TAX EVASION

GLENDALE, CALIF. February 7, 2012 — A past darts association President **publicly admits to tax evasion** by the Unincorporated Association (“UA”) who for more than three decades has been operating the “1977 defunct” Southern California Darts Association, Inc., Entity No. C0516738 (“Defunct SCDA”) as a corporation and a nonprofit organization.

In an article published by *LA Weekly* from February 3-9, 2012, in Volume 34, No. II, and on www.laweekly.com, authored by journalist, Chris Vogel, Ex-President of the defunct corporation, **Curtis N. Pierpont**, a construction worker by trade, employed by *Mapco Construction, Inc.* in Canoga Park, California, admitted in Vogel’s article that the defunct SCDA had not been a legal entity for more than 30-years and evaded paying taxes.

Pierpont was quoted as saying, “*We had been unincorporated for more than 30 years and were going along just fine as a club*” Pierpont continues his confession, “*None of the darts [sic] players can recall why the SCDA decided in 1977 not to renew its corporate status. Pierpont remembers that the issue came up a couple of times during the 1990s but was always voted down.*” Pierpont’s sudden gush of honesty reached a climax when he admitted, “*We didn’t see any real need in it,’ he says. ‘Yes, we probably should have filed taxes....’*” [LA Weekly Article, *Ibid.*].

Based on Pierpont’s comments, the inexcusable tax evasion did not appear to be a minor oversight. “*[A]ccording to Pierpont, (membership) swelled to nearly 5,000 members during the 1980s. The association sold merchandise, hosted two international tournaments and raked in nearly \$100,000 a year.*” [LA Weekly Article, *Ibid.*].

Since the defunct SCDA was not a legal corporation during the ‘80s and the UA was not a 501(c)(3), **where did all the federal, state, and local tax money go?** Moreover, where did all the **sales and use tax** money go that was **to be paid to the California State Board of Equalization?**

Pierpont may be a “*knucklehead*” as he claimed in the article, but his excuse of ignorance will not fly with the government agencies, including, but not limited to, the IRS, California Franchise Tax Board, California State Board of Equalization, and the City of Los Angeles, because Pierpont’s live-in girlfriend, Co-Defendant, **Debbie Lee Indrieri** is a Certified Public Account (California License No. 109632).

LA WEEKLY BLINDSIDED DINO M. ZAFFINA YET AGAIN

GLENDALE, CALIF. February 8, 2012 — Southern California Darts Association, Inc. took a beating from *LA Weekly* with the **95% false and one-sided story**, authored by Chris Vogel, published in its Volume 34, No. II, during February 3-9, 2012, and on www.laweekly.com.

SCDA's President and CEO, Dino M. Zaffina was misled by *LA Weekly*'s editor Sarah Fenske. Ms. Fenske informed Mr. Zaffina that he would have an opportunity to publish an "unedited" retort to the aforementioned article.

Clearly, Ms. Fenske intentionally derailed Mr. Zaffina's letter to the editor by including uncalled-for negative comments and in the case of Kim Bird (KimFromOC), board member of Pacific Darts Association, **an out-and-out lie**.

SCDA will be requesting a "fair and balanced" story published in the same manner as the vitriol launched by Mr. Vogel on behalf of some of the defendants in the lawsuit entitled Southern California Darts Association, Inc. v. L. David Irete, et al.

Self-proclaimed successful musician, Lynch was quoted by Chris Vogel in a *LA Weekly* article that ran from February 3-9, 2012, in Volume 34, No. II, and on www.laweekly.com, that "... he was furious that Zaffina was effectively destroying his beloved darts club." Lynch continued to prattle, he informed Vogel that, "He had plenty of money to hire attorneys and go toe-to-toe with Zaffina in court..." [LA Weekly Article, *Ibid.*].

No where in Vogel's smear campaign against SCDA and Mr. Zaffina did Lynch mention that it was he and/or other members of the club that "destroyed" the organization in 1977 when "those" members forced the California Franchise Tax Board ("FTB") to strip them of their *powers, rights, and privileges*.

Lynch would rather blame the "legal" SCDA or Mr. Zaffina instead of the club's incompetence in committing some violation that required the FTB to step in on March 1, 1977, and put a stop to Southern California Darts Association, Inc. for the next 33+ years, until Mr. Zaffina saved the organization by bringing the corporate entity legal again on January 3, 2011.

Vogel writes, "Lynch and his lawyer, Michael Zuk, went so far as to file a cross-complaint against Zaffina, essentially accusing him of blackmail. A judge, however, struck it down, ruling that there was 'no conclusive evidence of extortion.'" [LA Weekly Article, *Ibid.*]. And, that the law is palpably clear that everything Mr. Zaffina was doing on behalf of SCDA was "protected speech" under the U.S. and CA Constitution. The "checks" speak for themselves.
