**Proceedings: IN CHAMBERS (No Proceedings Held) – REQUEST RE ATTORNEY CONSENT TO E-SERVICE OF DOCUMENTS**

The Case Management/Electronic Case Filing (“CM/ECF”) system is the case management system for the District Court. CM/ECF allows the Court to accept filings and provide access to filed documents over the Internet. CM/ECF keeps out-of-pocket expenses low, gives concurrent access to case files by multiple parties, and offers expanded search and reporting capabilities.

While electronic filing of documents in the CM/ECF system is mandatory for attorneys, receipt of electronic notice of documents filed (i.e., e-service of filed documents) is subject to the consent of participating attorneys. If an attorney has not consented to receive e-service of filed documents, service of such documents is effected in the traditional manner, i.e., via a U.S. Postal Service mailing. As such, attorney participation by consenting to e-service results in substantial cost savings to the Court.

The Court has been advised that attorney Mary Ann Thi Nguyen has not consented to e-service of documents filed with the Court’s CM/ECF filing system.

Ms. Nguyen is requested to file a response within seven days hereof indicating whether she will consent to e-service of filed documents and, if not, the reason for non-consent. Attached hereto are the instructions for communicating consent. If needed, assistance is available at the website provided in the instructions.
