UNITED STATES OF AMERICA, Plaintiff, v. GM MANUFACTURING, INC., a corporation, and MAO L. YANG, MARY CHEN, and DAVID YANG, individuals, Defendants.	Case No.: CV 14-04231-ODW (PJWx) CONSENT DECREE OF PERMANENT INJUNCTION
---	---

Plaintiff, the United States of America, by its undersigned attorneys, having filed a Complaint For Permanent Injunction (“Complaint”) against GM Manufacturing, Inc., a corporation, and Mao L. Yang, Mary Chen, and David Yang, individuals (collectively “Defendants”), and Defendants having appeared and having consented to the entry of this Consent Decree of Permanent Injunction (“Decree”) without contest and before any testimony has been taken, and the United States of America having consented to this Decree;

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED that:

1. This Court has jurisdiction over the subject matter and over all parties to this action.

2. The complaint states a cause of action against Defendants under the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. § 301 et seq. (the “Act”).

3. Defendants violate the Act, 21 U.S.C. § 331(a), by introducing and causing to be introduced, and delivering and causing to be delivered for introduction, into interstate commerce articles of food (dietary supplements as defined by 21 U.S.C. § 321(ff)) that are adulterated within the meaning of 21 U.S.C. § 342(g)(1), in that they have been prepared, packed, and held under

1 conditions that do not conform to the current good manufacturing practice
2 (“cGMP”) regulations for dietary supplements set forth at 21 C.F.R. Part 111.

3 4. Defendants violate the Act, 21 U.S.C. § 331(k), by causing the
4 adulteration, within the meaning of 21 U.S.C. § 342(g)(1), of articles of food
5 (dietary supplements), while such articles are held for sale after shipment of one or
6 more of their components in interstate commerce.

7 5. Upon entry of this Decree, Defendants represent to the Court that
8 Defendants are not directly or indirectly engaged in manufacturing, preparing,
9 processing, packing, labeling, holding, and/or distributing any articles of food
10 (dietary supplements). If Defendants later intend to resume any such operations at
11 1500 W 135th St, Gardena, California (“the facility”), or any other location,
12 Defendants must first notify FDA in writing at least ninety (90) calendar days in
13 advance of resuming operations and comply with paragraphs 6(A)-(F) of this
14 Decree. This notice shall identify the type(s) of dietary supplements Defendants
15 intend to manufacture, prepare, process, pack, label, hold, and/or distribute, and the
16 location at which Defendants intend to resume operations. Defendants shall not
17 resume operations until FDA has inspected Defendants’ facility and operations
18 pursuant to paragraph 6(G), Defendants have paid all costs pursuant to paragraph
19 6(H), and Defendants have received written notice from FDA, as required by
20 paragraph 6(I), and then shall resume operations only to the extent authorized in
21 FDA’s written notice.

22 6. Defendants and each and all of their directors, officers, agents,
23 representatives, employees, attorneys, successors, assigns, and any and all persons
24 or entities in active concert or participation with any of them, who receive actual
25 notice of this Decree, are hereby permanently restrained and enjoined, under the
26 provisions of 21 U.S.C. § 332(a), and the equitable authority of this Court, from
27 directly or indirectly manufacturing, preparing, processing, packing, labeling,

1 holding, and/or distributing any dietary supplements, at or from the facility, or at or
2 from any other locations at which Defendants now, or in the future, directly or
3 indirectly manufacture, prepare, process, pack, label, hold, and/or distribute dietary
4 supplements, including in-process materials, ingredients, and components thereof,
5 unless and until:

6 A. Defendants' methods, facilities, processes, and controls used to
7 manufacture, prepare, process, pack, label, hold, and distribute dietary
8 supplements are established, operated, and administered in compliance with
9 this Decree, the Act, and its implementing regulations.

10 B. Defendants retain, at their expense, an independent person or
11 persons (the "Expert"), who is without any personal or financial ties (other
12 than the retention agreement) to Defendants or their families, and who, by
13 reason of background, training, education, or experience, is qualified to
14 inspect the facility to determine whether the facility and the methods,
15 processes, and controls that Defendants use to manufacture, prepare,
16 process, pack, label, hold, and distribute dietary supplements are operated
17 and administered in conformity with cGMP, 21 C.F.R. Part 111. Defendants
18 shall notify the United States Food and Drug Administration ("FDA") in
19 writing of the identity and qualifications of the Expert within five (5)
20 calendar days of retaining such Expert;

21 C. The Expert performs a comprehensive inspection of the facility
22 and the methods, processes, and controls that Defendants use to
23 manufacture, prepare, process, pack, label, hold, and distribute dietary
24 supplements and the labeling for all of Defendants' dietary supplements to
25 determine whether Defendants are in compliance with 21 U.S.C.
26 § 342(g)(1), 21 C.F.R. Part 111, and this Decree;

27

1 D. The Expert certifies in writing to FDA that:

2 i. The Expert has inspected the facility and the methods,
3 processes, and controls that Defendants use to manufacture, prepare,
4 process, pack, label, hold, and distribute dietary supplements;

5 ii. All cGMP deviations brought to Defendants' attention by
6 FDA, the Expert, or any other source have been corrected; and

7 iii. The facility, methods, processes, and controls that
8 Defendants use to manufacture, prepare, process, pack, label, hold,
9 and distribute dietary supplements are in compliance with this Decree,
10 the Act, and 21 C.F.R. Part 111. As part of the Expert's certification,
11 a full and complete detailed report of the results of the Expert's
12 inspection shall be provided by the Expert to FDA;

13 E. Defendants report to FDA in writing the actions they have
14 taken to:

15 i. Correct all deviations brought to Defendants' attention by
16 FDA, the Expert, and/or any other source; and

17 ii. Ensure that the methods and processes used in, and the
18 facility and controls used for, manufacturing, preparing, processing,
19 packing, labeling, holding, and distributing dietary supplements are
20 operated, and will be continuously administered in conformity with
21 cGMP, 21 C.F.R. Part 111;

22 F. Defendants recall and destroy, under FDA's supervision and in
23 accordance with the procedures provided in paragraph 8, all dietary
24 supplements that were manufactured, prepared, processed, packed, labeled,
25 held, and/or distributed prior to the entry of this Decree;

26 G. FDA, as and when it deems necessary to evaluate Defendants'
27 compliance with the terms of this Decree, the Act, and applicable

1 regulations, conducts inspections of the facility, including the buildings,
2 equipment, utensils, dietary supplements, labeling, and all relevant records
3 contained therein;

4 H. Defendants have paid all costs of supervision, inspections,
5 investigations, analyses, examinations, and reviews for FDA's oversight
6 with respect to paragraph 6, at the rates set forth in paragraph 12; and

7 I. FDA has notified Defendants, in writing, that Defendants
8 appear to be in compliance with all the requirements specified in paragraphs
9 6(A)-(F) and (H) of this Decree, the Act, including 21 U.S.C. § 342(g)(1),
10 and all applicable regulations, including 21 C.F.R. Part 111. In no
11 circumstance shall FDA's silence be construed as a substitute for written
12 notification.

13 7. Defendants and each and all of their directors, officers, agents,
14 representatives, employees, attorneys, successors, assigns, and any all persons or
15 entities in active concert or participation with any of them, who have received
16 actual notice of this Decree, are permanently restrained and enjoined under
17 21 U.S.C. § 332(a) from directly or indirectly doing or causing any act that:

18 A. Violates the Act, 21 U.S.C. § 331(a), by introducing or
19 delivering for introduction into interstate commerce, and/or causing the
20 introduction or delivery for introduction into interstate commerce, of any
21 dietary supplement, within the meaning of 21 U.S.C. § 321(ff), that is
22 adulterated within the meaning of 21 U.S.C. § 342(g)(1);

23 B. Violates the Act, 21 U.S.C. § 331(k), by causing any dietary
24 supplement within the meaning of 21 U.S.C. § 321(ff) to become adulterated
25 within the meaning of 21 U.S.C. § 342(g)(1), while such dietary supplement
26 is held for sale after shipment of one or more of its components in interstate
27 commerce; and/or

1 C. Results in the failure to implement and continuously maintain
2 the requirements of this Decree.

3 8. Within twenty (20) business days of entry of this Decree, Defendants
4 shall recall all dietary supplements that they manufactured, prepared, processed,
5 packed, labeled, held, and/or distributed at any time after February 13, 2012.
6 Within fifteen (15) calendar days of entry of this Decree and within ten (10)
7 calendar days after receiving any recalled dietary supplements, Defendants shall,
8 under FDA supervision, destroy all dietary supplements in Defendants' possession,
9 custody, and/or control because they are adulterated in that they were not
10 manufactured, prepared, packed, labeled, held and/or distributed in accordance
11 with cGMP, 21 C.F.R. Part 111. Defendants shall reimburse FDA for supervising
12 the destruction at the rates set forth in paragraph 12. Defendants shall not dispose
13 of any dietary supplements in a manner contrary to any federal, state, or local laws.

14 9. After Defendants have complied with paragraphs 6(A)-(F) and (H),
15 and FDA has notified them pursuant to paragraph 6(I), Defendants shall retain an
16 independent person or persons who shall meet the criteria described in paragraph
17 6(B) to conduct audit inspections of their dietary supplement manufacturing
18 operations (hereinafter, the "Auditor") at least once every six (6) months, for a
19 period of one (1) year, and not less than once every twelve (12) months for a
20 period of four (4) years thereafter, for a total of five (5) years of auditing. If
21 Defendants choose, the Auditor may be the same person or persons retained as the
22 Expert in paragraph 6(B).

23 A. At the conclusion of each audit inspection, the Auditor shall
24 prepare a detailed written report ("audit report") analyzing whether
25 Defendants are in compliance with this Decree, the Act, and its
26 implementing regulations and identifying any deviations ("audit report
27 observations"). As part of every audit report, except the first audit report,

1 the Auditor shall assess the adequacy of corrective actions taken by
2 Defendants to correct all previous audit report observations. The audit
3 reports shall be delivered contemporaneously to Defendants and FDA by
4 courier service or overnight delivery service, no later than ten (10) business
5 days after the date the audit inspection(s) is completed. In addition,
6 Defendants shall maintain the audit reports in separate files at their facility
7 and shall promptly make the audit reports available to FDA upon request.

8 B. If an audit report contains any observations indicating that
9 Defendants are not in compliance with this Decree, the Act, and/or its
10 implementing regulations, Defendants shall, within fifteen (15) calendar
11 days after receiving the audit report, correct those observations, unless FDA
12 notifies Defendants that a shorter time period is necessary. If, after
13 receiving the audit report, Defendants believe that a correction of the
14 deviations will take longer than fifteen (15) calendar days, Defendants shall,
15 within five (5) calendar days after receiving the audit report, submit to FDA
16 in writing a proposed schedule for completing corrections (“correction
17 schedule”). The correction schedule must be reviewed and approved by
18 FDA in writing prior to implementation by Defendants. In no circumstance
19 shall FDA’s silence be construed as a substitute for written approval.
20 Defendants shall complete all corrections according to the approved
21 correction schedule. Within thirty (30) calendar days after Defendants
22 receive an audit report, unless FDA notifies Defendants that a shorter time
23 period is necessary, or within the time frame provided in a correction
24 schedule approved by FDA, the Auditor shall review the actions taken by
25 Defendants to correct the audit report observations. Within five (5) business
26 days after beginning that review, the Auditor shall report in writing to FDA
27 whether each of the audit report observations has been corrected and, if not,

1 which audit report observations remain uncorrected. If such report identifies
2 one or more objectionable conditions that has not been corrected, FDA may,
3 in its discretion, require up to five (5) additional years of annual audits.

4 10. Representatives of FDA shall be permitted, without prior notice and
5 as and when FDA deems necessary, to make inspections of Defendants'
6 operations, and without prior notice, to take any other measures necessary to
7 monitor and ensure continuous compliance with the terms of this Decree, the Act,
8 and all applicable regulations. During such inspections, FDA representatives shall
9 be permitted: immediate access to Defendants' places of business including, but
10 not limited to, all buildings, equipment, finished and unfinished materials and
11 products, containers, labeling, and other material therein; to take photographs and
12 make video recordings; to take samples of Defendants' finished and unfinished
13 materials and products, containers, labeling, packaging material, and other
14 material; and to examine and copy all records relating to the receiving,
15 manufacturing, preparing, processing, packing, labeling, holding, and distribution
16 of any and all of Defendants' products, including components. The inspections
17 shall be permitted upon presentation of a copy of this Decree and appropriate
18 credentials. The inspection authority granted by this Decree is separate from, and
19 in addition to, the authority to make inspections under the Act, 21 U.S.C. § 374.

20 11. Defendants shall promptly provide any information or records to FDA
21 upon request regarding the receiving, manufacturing, preparing, processing,
22 packing, labeling, holding, and distribution of dietary supplements.

23 12. Defendants shall reimburse FDA for the costs of all FDA inspection,
24 investigations, supervision, analyses, examinations, sampling, testing, reviews, and
25 document preparation that FDA deems necessary to evaluate Defendants'
26 compliance with any part of this Decree. The costs of such activities shall be
27 borne by Defendants at the prevailing rates in effect at the time the costs are

1 incurred, and Defendants shall make payment in full to FDA within thirty (30)
2 calendar days of receiving written notification from FDA of the costs. As of the
3 date this Decree is signed by the parties, these rates are: \$88.45 per hour and
4 fraction thereof per representative for inspection or investigative work; \$106.03 per
5 hour and fraction thereof per representative for analytical or review work; \$0.565
6 per mile for travel expenses by automobile; government rate or the equivalent for
7 travel by air or other means; and the published government per diem rate or the
8 equivalent for the areas in which the inspections are performed per-day, per-
9 representative for subsistence expenses. In the event that the standard rates
10 applicable to FDA supervision of court-ordered compliance are modified, these
11 rates shall be increased or decreased without further Order of the Court.

12 13. Within then (10) calendar days after entry of this Decree, Defendants
13 shall post a copy of this Decree, in at least one language in which each GM
14 Manufacturing, Inc. employee is fluent, in a conspicuous location in a common
15 area at the facility and at any other location(s) at which Defendants manufacture,
16 prepare, process, pack, label, hold, and/or distribute dietary supplements, and shall
17 ensure that the Decree remains posted at each location for as long as the Decree
18 remains in effect. Within fifteen (15) calendar days after entry of this Decree,
19 Defendants shall provide to FDA an affidavit, from a person with personal
20 knowledge of the facts stated therein, stating the fact and manner of Defendants'
21 compliance with this paragraph.

22 14. Within fifteen (15) calendar days after entry of this Decree,
23 Defendants shall provide a copy of the Decree, by personal service or certified
24 mail (restricted delivery, return receipt requested), to each and all of Defendants'
25 directors, officers, agents, employees, representatives, attorneys, successors,
26 assigns, parties for whom Defendants contractually manufacture dietary
27 supplements and to whom Defendants have shipped dietary supplements at any

1 time since February 13, 2012, and any and all persons or entities in active concert
2 or participation with any of them (collectively referred to as "Associated
3 Persons"). Within thirty (30) calendar days after entry of this Decree, Defendants
4 shall provide to FDA an affidavit, from a person with personal knowledge of the
5 facts stated therein, stating the fact and manner of Defendants' compliance with
6 this paragraph and identifying the names, addresses, and positions of all persons
7 who received a copy of this Decree pursuant to this paragraph.

8 15. In the event that any Defendant becomes associated with any
9 additional Associated Person(s) at any time after entry of this Decree, Defendants
10 immediately shall provide a copy of this Decree, by personal service or certified
11 mail (restricted delivery, return receipt requested) to such Associated Person(s).
12 Within ten (10) calendar days of each time that any Defendant becomes associated
13 with any additional Associated Person, Defendants shall provide to FDA an
14 affidavit, from a person with personal knowledge of the facts stated therein, stating
15 the fact and manner of Defendants' compliance with this paragraph, identifying the
16 names, addresses, and positions of all Associated Persons who received a copy of
17 this Decree pursuant to this paragraph, and attaching a copy of the executed
18 certified mail return receipts. Within ten (10) calendar days of receiving a request
19 from FDA for any information or documentation that FDA deems necessary to
20 evaluate Defendants' compliance with this paragraph, Defendants shall provide
21 such information or documentation to FDA.

22 16. Defendants shall notify FDA, in writing, at least fifteen (15) calendar
23 days before any change in ownership, character, or name of their business,
24 including reorganization, relocation, dissolution, bankruptcy, assignment, sale
25 resulting in the emergence of a successor business or corporation, the creation or
26 dissolution of subsidiaries, or any other change in the corporate structure or
27 identity of GM Manufacturing, Inc., or any of their parents or subsidiaries, or the

1 sale or assignment of any business assets, such as buildings, equipment, or
2 inventory, that may affect obligations arising out of this Decree. Defendants shall
3 provide a copy of this Decree to any prospective successor or assign at least ten
4 (10) calendar days prior to any sale or assignment. Defendants shall furnish FDA
5 an affidavit of compliance with this paragraph no later than ten (10) calendar days
6 prior to such assignment or change in ownership.

7 17. If, at any time after entry of this Decree, FDA determines, based on
8 the results of an inspection, the analysis of a sample(s), a report or data prepared or
9 submitted by Defendants, the Expert, the Auditor, or any other information, that, at
10 the facility or any other locations at which Defendants, now or in the future,
11 directly or indirectly, manufacture, prepare, process, pack, label, hold, and/or
12 distribute dietary supplements, Defendants have failed to comply with any
13 provision of this Decree, have violated the Act or applicable regulations, or that
14 additional corrective actions are necessary to achieve compliance with this Decree,
15 the Act, and/or applicable regulations, FDA may, as and when it deems necessary,
16 order Defendants in writing to take appropriate action, including, but not limited
17 to, ordering Defendants immediately to take one or more of the following actions:

18 A. Cease manufacturing, preparing, processing, packing, labeling,
19 holding and/or distributing any or all dietary supplement(s);

20 B. Recall, at Defendants' own expense, any dietary supplement
21 that is adulterated, misbranded, or otherwise in violation of this Decree, the
22 Act, and/or its implementing regulations;

23 C. Revise, modify, or expand any reports, plans, procedures,
24 and/or other records prepared pursuant to this Decree;

25 D. Submit additional reports or information to FDA;

26 E. Institute or reimplement any of the requirements set forth in this
27 Decree;

1 F. Issue a safety alert; and/or

2 G. Take any other corrective actions as FDA, in its discretion,
3 deems necessary to protect the public health and/or to bring Defendants into
4 compliance with this Decree, the Act, and/or its implementing regulations.

5 18. The provisions of this paragraph shall be separate and apart from, and
6 in addition to, all other remedies available to FDA. Defendants shall pay all cost
7 of recalls and other corrective actions, including the costs of FDA's inspections,
8 investigations, supervision, analyses, examinations, sampling, testing, reviews,
9 document preparation, travel, and subsistence expenses to implement and monitor
10 recalls and other corrective actions, at the rates specified in paragraph 12.

11 19. Upon receipt of any order issued by FDA pursuant to paragraph 17,
12 Defendants shall immediately and fully comply with the terms of the order. Any
13 cessation of operations or other actions described in paragraph 17 shall continue
14 until Defendants receive written notification from FDA that Defendants appear to
15 be in compliance with this Decree, the Act, and its implementing regulations, and
16 that Defendants may resume operations.

17 20. If any Defendant fails to comply with any of the provisions of this
18 Decree, the Act, and/or applicable regulations, then Defendants shall pay to the
19 United States of America the sum of five thousand dollars (\$5,000) in liquidated
20 damages for each day such violation continues and an additional sum of five
21 thousand dollars (\$5,000) in liquidated damages for each violation of this Decree,
22 the Act, and/or applicable regulations, and an additional sum equal to twice the
23 retail value of each shipment of adulterated dietary supplements in liquidated
24 damages for each such unlawful shipment. Defendants understand and agree that
25 the liquidated damages specified in this paragraph are not punitive in nature and
26 their imposition does not in any way limit the ability of the United States to seek,
27 or the Court to impose, additional civil or criminal penalties to be paid by

1 Defendants, or remedies based on conduct that may also be the basis for payment
2 of liquidated damages pursuant to this paragraph.

3 21. Should the United States bring, and prevail in, a contempt action to
4 enforce the terms of this Decree, Defendants shall, in addition to other remedies,
5 reimburse the United States for its attorneys' fees (including overhead), travel
6 expenses incurred by attorneys and witnesses, expert witness fees, administrative
7 and court costs, investigation and analytical expenses incurred in bringing the
8 contempt action, and any other costs or fees related to the contempt proceedings.

9 22. All decisions specified in this Decree shall be vested in the discretion
10 of the FDA. FDA's decisions shall be final and, to the extent these decisions are
11 subject to review, shall be reviewed by the Court under the arbitrary and capricious
12 standard set forth in 5 U.S.C. § 706(2)(A). Review by the Court of any FDA
13 decision rendered pursuant to this Decree shall be based exclusively on the written
14 record before FDA at the time the decision was made. No discovery shall be taken
15 by either party.

16 23. All notifications, correspondence, and communications to FDA
17 required by the terms of this Decree shall be addressed to the Director, FDA Los
18 Angeles District Office, 19701 Fairchild, Irvine, CA 92612-2506, and shall
19 reference this civil action by case name and civil action number.

20 24. This Court retains jurisdiction over this action and the parties thereto
21 for the purpose of enforcing and modifying this Decree and for the purpose of
22 granting such additional relief as may be necessary or appropriate.
